

CITY BUSINESS WOMEN IN SESSION HEAR WALLACE

Prominent Bar Member
Addresses Club
Tuesday

Regular meeting of the Business & Professional Women's Club was held Tuesday evening at Texas-Louisiana Power Company's office with the president, Rose Riechar, presiding. After a short business session, a nominating committee for election of new officers were appointed as follows: Lillian Atkinson, chairman, Mrs. M. Barfield and Iva Wilson.

Miss Annie Stallworth presided over a splendid program that was given where the following appeared: Iva Wilson read an interesting paper on 'Did Man Exist on American Continent During the Ice Age?' Delphya Scott read a paper on 'Red Man's Medium of Exchange with White Man during Primitive Times.' Mrs. Nina Wilkerson gave an excellent talk on 'Women in Banking.'

The outstanding talk was made by Judge E. A. Wallace who gave an interesting and instructive talk on 'Decent of Property and Making of Wills.'

Miss Vivian Weaver of Houston, with the Cameron Ice and Cold Storage Company, in the Home Service Department, gave a delightful talk on health foods with demonstration how to keep foods in good condition in refrigerators and later served apricot parfait, which was complimentary from the company she represents, and was much appreciated by the club who wish to extend their thanks.

The club is sponsoring Willard, the Wizard, who is to be here Thursday, Friday and Saturday, May 7, 8 and 9 inclusive, with a matinee Saturday afternoon, to be presented in a tent at the City Park. He comes to the club as a high class magician with prices to meet the times, adults 25c, and children 15c.

Beside club members there were present Judge and Mrs. E. A. Wallace, Mrs. John S. Owens, Mrs. Nina Wilkerson, Misses Catherine Robbins, Ola Meyers, Malchan Riechar, and Annie McLane, a former member of the club.

MAYOR CHAMBERS IMPROVED

Friends in Cameron will be pleased to note that the condition of Mayor Chambers is much improved since our last issue. This news will be received with grateful hearts by the people here.

Mr. Chambers is to undergo a second operation at the Scott & White Hospital. This operation will be performed as soon as Mr. Chambers regains sufficient strength to stand it.

John King, of Houston, a former citizen is visiting his daughter, Mrs. John Olson, this week.

WILLARD THE WIZARD SHOW TO PLAY HERE

The famous Willard the Wizard Show will play here in the City Park starting Thursday, May 7, through the entire week. The show is under the auspices of the Business and Professional Women's Club.

Many wonderful magical feats never before seen in Cameron will be witnessed at the show, which is said to be the greatest of its kind of shows in the world today. Also, the public will have the opportunity to see twelve in number and they are reported to be enjoyed by both young and old alike.

Willard the Wizard, a sensational illusionist and an Oriental wonder-maker and has a national reputation for his splendid magical feats.

Of interest to people of this section is that Mr. Willard was formerly a resident of this city and has a number of personal friends here who will be glad to see him again.

PIONEER ORCHESTRA TO BROADCAST ON MAY 13

COLLEGE STATION STUDIO TO
HERALD PARMA'S
ORCHESTRA

The Pioneer Orchestra of Cameron will broadcast over radio station WTAU, College Station, Texas, May 13, 1931 from 8:15 to 9:15 p. m. WTAU is on 1120 k. c., 267.7 meters.

This orchestra is part of the local Pioneer Band and both organizations are well known to the public through this county.

Lovers of music should tune in on them next Wednesday and hear their own orchestra over the radio.

The invitation to the orchestra came from the WTAU management in early part of April, and due to limited time of station, the appointment could not be filled any sooner.

NATHAN CALCHEN DIES IN KANSAS CITY MONDAY

BROTHER OF MAX COLLINS
PASSES AWAY AT THE
AGE OF 53 YEARS

Nathan Calchen, 53, died at his home in Kansas City at 11 o'clock on Monday night, May 4, 1931 following an illness of several weeks.

Mr. Calchen was a brother of Max Collins of Cameron. He was not known in Cameron. Max Collins has been a resident of Cameron for many years.

Mr. Calchen was engaged in the tailoring business in Kansas City. He was a native of Russia, coming to America when a young man.

Friends in Cameron and this section extend their sincere sympathy to Mr. Collins in his bereavement.

Mr. and Mrs. Lee Sens Visiting in Cameron

Mr. and Mrs. Lee Sens of Baltimore are in Cameron this week visiting in the home of Mrs. Chas. Sens.

Mr. Sens is superintendent for three cotton mills, the company known as the Vernon Woodberry Mills of Baltimore, Md. The company owns and operates five mills, one of which is located in Baltimore and one in Talaase, Alabama. The mills were established in 1840 and are makers of duck for the sails of the famous clipper ships, light and heavy ducks, sugar cloth, seins, mop products, twines and twills, doing business in all parts of the world, China, Europe, Africa and South America.

Mr. Sens is a graduate of the University of Texas and of Georgia Tech. He is a world war veteran and was one of the outstanding athletes of all time at the University of Texas.

They will leave Cameron Saturday for Alabama and South Carolina where he will inspect mills of the company. While in Cameron they, in company with their mother, visited in San Antonio.

WILLIAM ROGERS IMPROVED

William R. Rogers in the Woodson Hospital in Temple for treatment as a result of injuries sustained in his right eye, is reported doing nicely. His condition has shown a decided improvement and his many friends will be glad to know that he may soon be permitted to return home.

OLLIE BARTHOLOMEW BURIED IN FRANKLIN

BROTHER OF HOME DEMONSTRATION AGENT HERE DIES IN LOUISIANA

Miss Minnie Bartholomew, Home Demonstration Agent of Milam County, was called to the bedside of her brother, Ollie Bartholomew in Louisiana Saturday, who was fatally ill with pneumonia. Her mother, Mrs. Bartholomew of Franklin was also present when he died Monday night at 10 o'clock, May 4. His remains were brought to Franklin where the funeral was held Wednesday afternoon at 4:30 at the Baptist church. Burial was made in Franklin cemetery.

Deceased was employed by a firm that took him out of the state some time ago. He was a single man, highly regarded and many friends will be saddened by his passing.

The following attended the funeral in Cameron: Miss Blanche Hensley, Miss Winnie Henderson, Mrs. W. R. Newton, Judge Jeff T. Kemp and George Banzhaf.

"Dishonored" Brings Greater Stardom To Marlene Dietrich

Talk is about to start again in Cameron. Marlene Dietrich is back at the Milam Theatre for two days in a picture that is bound to startle film audiences even more than her original opus, 'Morocco.' The picture is 'Dishonored,' which will be here Sunday and Monday, May 10 and 11, in which this surprising woman is cast as an Austrian spy in wartime, playing a reckless and dangerous game, spurred by a patriotic purpose, with love as the ever eminent threat to safety.

'Dishonored' is a brilliant story. It is said the facts were taken from the life adventure of one of the war's most glamorous woman spys. Whether or not this is so, Dietrich gives glamorous interpretation to its sometimes subtle, always exciting, chief character. Beautiful, clever, disillusioned, the amazing actress plays men at their own game, and wins, with one reckless, mocking young officer throws love into the game—and then? Then comes the smashing surprise climax which makes 'Dishonored' the thoroughly great drama it is.

Co-starred with the luscious Dietrich is Victor McLaglen, star of such hits as 'What Price Glory?', 'The Cock-Eyed World,' 'A Devil With Women.' Here he plays the kind of roistering role, in uniform, which won him fame on the screen, a carefree, persuasive lover. McLaglen and Dietrich are splendid together, a pair of lovers with the flavor of romance.

'Dishonored' is the third Josef von Sternberg picture to feature Marlene Dietrich. He also directed 'Morocco' and 'The Blue Angel.' With this trio of hits, particularly 'Dishonored,' he has clinched his claim to preeminence among screen directors.

Road Bonds Will Not Down

By J. K. FREEMAN

The financial condition of the people of Milam County does not justify them taking on their part of the 212 Million Dollar Road Bonds. They owe the following:

Loans secured by real estate, 5 Million Dollars; to all Banks in the County One and One-Half Million Dollars; other debts, estimated 100 Thousand Dollars; total 7 Million 500 Thousand Dollars.

Public Debts: County Bonds, 69 Thousand Dollars; Road District Bonds, 1 Million 70 Thousand Dollars; School District Bonds, 99 Thousand Dollars; City and County Bonds, 397 Thousand Dollars. Total 1 Million 666 Thousand Dollars.

Re-stated
Individual Debts \$7,500,000.00
Public Debts 1,666,000.00
Total \$9,166,000.00

Annual interest on this amount at an average of six per cent, 549 Thousand 6 Hundred Dollars; Property Taxes each year 400 Thousand Dollars. Unpaid taxes for 1930, 110 Thousand Dollars. The people of Milam County pay each year for gas, gasoline, water, lights, telephone and fire insurance, 1 Million 200 Thousand Dollars.

The City, Automobile, Gasoline and Occupation Taxes are not included in the above. It seems that it would be good business policy for the people of Milam County to first pay off some of the above debts, reduce the interest and taxes before taking on the debt that will be placed on them by the 212 Million Dollar Road Bond.

ROSEBUD MAN SLAIN ON DAVILLA ROAD

Belton, May 6—Raymond 'Red' Hilliard, Rosebud baker, is dead, and Robert Hale, laborer, also of Rosebud, is in county jail facing a charge of murder as a result of a fatal shooting on a lonely lane six miles east of Bartlett on the Davilla road about 2:30 p. m. Wednesday.

Hilliard was shot as he sat at the wheel of the roadster in which he, Hale and Andrew Kelly, who lives near Davilla had been riding. A bullet from a .38 caliber Smith and Wesson revolver penetrated his right eye and went through his head, ranging upward.

Kelly stated that the three had been to the oil fields to look for work and had returned from Center Tuesday night and spent the night at his house near Davilla. He said that the (continued on page 4)

Couple Celebrate 64th Wedding Date

Rev. and Mrs. W. H. Pruett celebrated their sixty-fourth wedding anniversary Wednesday, May 6. Many friends congratulated them on their long and happy married life. The ladies of the Methodist Missionary Society sent them a lovely angel food cake topped with 64 candles. This came as a surprise to this estimable old couple, who enjoyed this remembrance. Brother Pruett is 87 years old and in remarkably good health.

Mr. and Mrs. Martin Kilian and little daughter, Frances and Mrs. Jefferies spent Sunday in Round Rock visiting relatives. They were accompanied home by Mrs. Kilian's sister, Mrs. William Grimer and two children, Durwood and Joyce, of Austin, who are house guests of Mrs. Kilian this week.

HEALTH PROGRAM FOR COLORED POPULATION

HEALTH NURSE ARRIVES HERE
ON MAY 1 FOR WORK
AMONG NEGROES

Miss Adaline Roberson, itinerant nurse of the State Department of Health arrived here May 1 for the purpose of conducting a health program among the colored people of this county. On the same date she met with the county committee at the Cameron colored high school and plans were outlined in part for May. A club of adult ladies will be organized Wednesday evening to pursue a course in home nursing. When this course will have been completed satisfactorily, these ladies will be awarded certificates by the State Department of Health. A junior club was also organized with the girls and two lessons have been given in hygiene and sanitation.

Miss Roberson visited Rockdale on Monday where she arranged for a mass meeting there May 12 and an inspection meeting May 14. In this (continued on page 4)

"North of 36" Story For "Conquering Horde" at Milam

The novel 'North of 36' by Emerson Hough, noted writer of Western pioneer stories, is the basis for the big film, 'Thundering Horde' booked by Stanley Swift for the Milam Theatre Thursday and Friday, May 7 and 8, featuring Richard Arlen and Fay Wray.

This popular novel of trail driving days that brought the U. P. railway out west to Abilene has been widely read by Cameron people. The story originates on the ranch of the Lockharts at Lockhart, Texas and one of the leading characters is Jim Nabours, a kinsman of Homer Nabours and Mrs. John W. House of Cameron. Richard Arlen plays the part of Dan McMasters, handsome Ranger Captain from Gonzales.

The story is a fascinating tale of the trail and one can see in real action the old steer, Alamo, leading that great herd to Abilene. The city of Abilene found its law and order off the gun sheaths of Wild Bill Hickok in those days. 'Thundering Horde' is the breath of the Seventies, a romantic tale of cattle ranges and the business of selling on the hoof at the railroad somewhere north of latitude 36.

DR. G. B. TAYLOR ATTENDS STATE MEDICAL MEETING

Dr. G. B. Taylor, specialist, was in Beaumont Tuesday and Wednesday in attendance at the annual convention of the Texas State Medical Society.

He is secretary of the Milam County Medical Society and was a delegate to the convention to represent the local society.

COMMERCIAL CLUB VOTES TO CONTROL AD SCHEMES HERE

Maintains Service For
Protecting The
Merchants

Protection of Cameron merchants against pernicious advertising schemes and donations is the purpose of a resolution adopted at the meeting of the club on Monday night.

In this issue will be found an announcement from the club prepared by Secretary W. M. Cobb, setting forth the policy of the business men and the service to be rendered.

Complaints have been made from time to time by merchants who have been asked to subscribe to advertising programs, placards and all kinds of advertising. In order to safeguard the merchants against payment of excessive prices and subscribing to schemes that have no advertising value the club has named a committee on investigation. It is the duty of this committee to pass upon all propositions sought to be submitted to the merchants.

In the future no solicitor, local or from outside, should be entertained by the merchants unless he has a letter of endorsement from the club. Merchants are asked to observe this policy and thereby save themselves many dollars in the course of the year.

The club does not take the position that all solicitations must be stopped. No doubt the committee will find occasion to endorse many during the year as no intention is entertained to stop worthy movements.

When approached hereafter to subscribe money merchants are asked to demand whether the matter has been endorsed by the committee and if a letter of approval has been granted from the club.

QUARTERLY MEETING OF HEALTH COUNCIL HERE

PARENT-TEACHER ASSOCIATION
HEALTH BODY HEARS
STATE WORKER

The quarterly meeting of Milam County Council of Parent-Teacher Associations was held in District Court Room at Cameron last Saturday.

Business of the meeting included election of officers, resulting as follows:

President, Mrs. Tom Eward.
Vice-President, Mrs. Clyde Hensley.
Secretary, Mrs. H. T. Pressley.
Treasurer, Mrs. Geo. Graves.

The program was devoted to an address by Mrs. Bess C. Ledbetter of the Child Hygiene Bureau, State Department of Health.

Mrs. Ledbetter outlined the worthwhile work of itinerant nurses, two of whom will be in our county this month. Their classes in home nursing for mothers as well as for older boys and girls, are supplemented by health clubs formed among the young or children.

Announcement of these classes will be made in churches and schools in various parts of the county shortly before the time the classes will occur.

The white nurse who will be with us is Miss Sue Nickerson, and the colored nurse, Miss Adaline Robinson.

CLIFTON & CASEY MAKING ROOM FOR USED CARS ON LOT NEAR BUILDING

An improvement of interest noted in the business district this week is the expansion of the used car space of Clifton & Casey.

They are enclosing a large space the rear of the building and will utilize this space for their used cars at the rear of the building and will Messrs. Clifton and Casey entered the used car business here last year and have made a success of the business. Through their place of business hundreds of A-1 cars have been sold and bought.

In addition to the used car business they have installed a repair shop in the building. This shop is in charge of O. O. Duncum, one of the best mechanics in this section of Texas.

ERRORS CONTRIBUTE TO DEFEAT OF YOE HI

ALLEN ACADEMY TAKES GAME
BY SCORE OF FIFTEEN
TO THREE

As no ball game can be won when a team is chalking up a total of 15 errors the Yoe High school lost their game Friday afternoon to the Allen Academy of Bryan at the Lawless Green Athletic Field. The final score was fifteen to three in the visitors' favor. The Yoe High boys did well for six innings. At the beginning of the game there was every promise of another good ball game but after playing so well for six innings then came the deluge. The Yoe high boys put over two tallies in the fourth on two hits coupled with two errors. In the fifth the visitors were given a score by virtue of errors. In the Yoe high time at bat in the fifth they marked up their last score on three hits and an error. In the seventh the Academy boys went on a rampage and before they could be gotten out they had put over nine scores on six hits and three errors. In the eighth another run was obtained by them on errors. In the ninth they collected four more runs on three hits and three errors. Out of a total of forty nine chances on the playing field the Yoe High players made fifteen errors which gives them a fielding average of .688 per

FIREMEN WIN ANOTHER

Coming from behind and winning their games with last minute spurts seems to be becoming popular with the Firemen as Sunday's game shows. In this game which the Firemen won from Rogers, ten to nine the game was won in the last half of the ninth inning.

In the beginning Rogers led off by making two scores on one hit and three errors. The Firemen obtained one run on one hit and two errors. In the second inning Rogers made their four hits coupled with three more errors net them six runs and things looked blue indeed for the Fire Boys. In the fourth the local lads got three hits in a row which gave them two more runs. Rogers made their last tally in the sixth on three singles and a hit batsman. In the Firemen's time to bat in the sixth they put over five scores on four blows, a walk and two errors. With Rogers leading nine to eight came the ninth inning. Rogers went out one, two, three. In the last half of the ninth Deer was first up and walked. Keith popped out to short. Deer stole second and scored on Wiley's two bag'ger, so with Wiley on second Vogelsang duplicated his feat of last Sunday and won the ball game by getting a hit into right field which scored Wiley.

A total of thirteen errors were made during the game, eight of them being made in the first two innings.

This makes three games played with two won, one lost in the Telegram Cup Race. Sharp and Cameron split even while Cameron won against Rogers.

FIREMEN DEFEAT SHARP

The Firemen journeyed to Sharp Saturday afternoon and won eight to four. Red Alford started in the box for the Firemen and did well for the first three innings. In the fourth however he walked two scores across the plate and was then replaced by Unk Young. Young was not scored on during the three and two-thirds innings he was on the mound. Only one hit was made off of his delivery. Vogelsang pitched the eighth and ninth innings.

The Firemen outthit the Sharp boys fifteen to eight. The Firemen as a team batted at a .363 clip. Wiley and Vogelsang led the Firemen attack with three hits in five times up as also did Garner of the Sharp Shooters.

Let Us Investigate

The Cameron Commercial Club, now working under the budget system and maintaining an office next to the New Cameron Drug Store, Phone 182, is offering businessmen a real service, by appointing an Investigating Committee to look into and approve or reject all appeals for donations, advertising schemes, etc.

It is evidently impossible for each business man to personally investigate all these demands made upon him, so sometimes deserving propositions have been turned down and undeserving ones are patronized.

All are urged to take advantage of this free service for mutual advantage. It will help good propositions and eliminate the bad.

This club furnishes business houses with a card which reads as follows: "This firm does not donate to any cause nor patronize any advertising proposition, outside the local papers, that is not endorsed by the Investigating Committee of the Cameron Commercial Club." Merchants are urged to display this card and act accordingly.

Clean Up Week

A town can set aside a week to clean up the trash in the yard. The town will send men to collect the trash. When the men come after the trash it has to be set out in front of the house.

By having a clean up week the town gets honors for it and it makes the town look better than it did. The people from other towns will say, 'How pretty that town is.' Every body is proud when they hear this from strangers.

Going Out of Doors at Recess

We should go out of doors at recess so we can get some fresh air and rest a while. Recess is very useful for us because in those few minutes we take exercise and when we go in again we do the work with pleasure.

At recess we have good times. We jump rope, play ball or other games. The recess is very useful for all the children so they can get healthy.

—Belia Garcia.

Being Tardy

Some people think it is fun to break into a class about five or ten minutes late, after the bell. But if you will stop to think about how impolite it is, you will not do it. It disturbs the class and it makes the pupils think you are lazy. You will have to be early in business or you will lose your job.

If you get up early enough, you can eat your breakfast and get to school before the bell rings. If you eat the right kind of food it will make you stronger and you will feel better to come to school and enjoy yourself.

—Imogene McLerran.

Home Gardens

Home gardens are a great benefit to all people who have one. Every day you have fresh vegetables. Many times, the market vegetables are not good, but your own ones are good. They save money very much because you can have fresh vegetables when you want them. If you are industrious and economical you can have some of your vegetables.

Gardens have to be planned very carefully. The garden plot has to be weeded and watered almost every day. Fertilizer may be needed in some places. To have a good garden one must rotate the crops from one place to another every year.

—Nancy Newton.

Extravagant Use of School Supplies

A great problem in sending a boy or girl to school is purchasing the necessary school supplies. Our books are furnished free and this helps a great deal but several dollars in addition must also be spent in buying the many note books, tablets, pencils, notebook paper, school work books and other equipment that a school child needs or at least thinks he needs. Some of this is really necessary but too much of it is wasted. At the first of school I purchased a large quantity of notebook fillers, intending for them to last until school was out. I used some for everything that came along. If I smeared some ink on one page I would tear it out and start another one. Of course this was wasteful and soon the paper was gone.

Every school child unnecessarily wastes a lot. This becomes a habit which is hard to break. It can be overcome however by using only that which is absolutely necessary and by doing this school costs may soon be cut down.

—John Martin

The Treatment of Textbooks

When your textbooks are received at the beginning of school, you probably notice that some person has signed his or her name in the front of each one. If the books which you receive are clean and neat, you owe a debt of gratitude to the person who has had each of them before you. School students, I have observed, always try to get the books which appear to be the cleanest ones. No one likes to have a book that is dirty, 'dog-eared,' and torn. No one should treat a book in such a manner that it receives more than reasonable wear, for someone must get your book next year.

But how shall I keep it from receiving more than the reasonable amount of wear? you ask. First, you should cover it and write your name plainly upon the front of the cover and remember that book covers are not made to draw upon. (Perhaps I might remember that myself.) Second, do not mark in it, except with a pencil, and that very lightly so that it can easily be erased. Third, keep it as dry as possible. If a book-cover becomes wet, remove it instantly for unless you do, the water will soak through the cover and get the book wet. If everyone follows these rules everyone will receive a clean book.

—Margaret Fisher.

Speaking Correctly

We should speak correctly at all times because if you are talking to one one and make an error they think you haven't the education you should have.

In business it is necessary to speak correctly when making a business transaction. When you are outside of school you should be careful to speak correctly at all times because

if you don't you will get the habit of speaking incorrectly.

I can learn to speak correctly by listening to others talk and correct the mistakes they make. Or I can always choose my words before I speak rather than saying just any thing that comes to my mind.

—Albert Kelly.

Home Gardens

There are many kinds of gardens and the one that I have at home is a vegetable garden which has all kinds of vegetables. The garden is located on the north corner of the block that we live on. The things that are planted in the garden are popcorn, field corn, black-eyed peas, beets, cabbage, tomatoes and other vegetables.

One of the reasons why we have a home garden is that we may have fresh vegetables every day and it will lower our grocery bill each month. Maybe we may have a chance to sell some of the vegetables to the grocery stores.

—Robert Phillips.

The following compositions were written for our English work last week. We found our information from the World Book, and the following outline was used: Description, location and why noted.

Washington Monument

Washington Monument is a huge obelisk erected in honor of George Washington. It is a shaft of masonry and is the tallest in the world being five hundred and fifty-five feet high. It is fifty feet square at the bottom and thirty-four square feet at the top and the pyramid which forms the apex is fifty five feet high. The outside is faced with Maryland marble and the tip is protected by a cap of aluminum. On the inner walls are stones and tablets which were given by different states, cities, countries and societies. The inside is lighted by electricity. It may be ascended by nine hundred steps or by an elevator. At the height of 504 feet there are openings which afford splendid views of the surrounding country. The total cost of the monument was about \$1,200,000. It was started in 1848 and worked for seven years until funds ran short. Work was resumed in 1878 and the monument was finished in 1885.

The monument is located in a park back of the White House grounds in Washington, D. C.

Washington Monument was built in remembrance of George Washington.

—John Atkinson.

Grand Canyon

The Grand Canyon is 207 miles long and it is nearly a mile deep. In the bottom of it a river winds in and out among the colorful rocks. Late in the evening when the sun is shining just right, the canyon looks like a rainbow. The Grand Canyon could never have been built by man. Nature built the Grand Canyon.

The Grand Canyon is in the north-western part of Arizona on the Colorado river.

The Grand Canyon is visited yearly by tourists from all over the world who want to see the beautiful sights of the Canyon.

—Roy Heath.

Plymouth Rock

Plymouth Rock, a huge stone in an L shape, is now preserved in its original resting place by the use of an iron fence. It can not be priced in dollars and cents but it ranks very high in the minds of the American people in what it means to them. It is a huge granite rock and rough on the surface. It is a natural condition of the earth. It might have been formed by some glacier or volcanic eruption.

This rock is in the northeastern part of the United States on the Atlantic ocean shore in Plymouth, Mass.

Plymouth Rock is a memorial for the landing of the Pilgrims in America as the first soil touched. When

the Mayflower reached America on December 21, 1620, the Pilgrims disembarked on this rock.

—Mary Louise Vaughan.

Grand Canyon

The Grand Canyon takes on the shape of a large, irregular letter 'S'. People who visit this canyon can not describe it because it is so beautiful. It is very long and is over a half-mile deep. It is from eight to thirteen miles across. The walls are jagged and richly colored. At the bottom of the canyon you see the Colorado river. You also see great hills of colored rocks and earth. This canyon was formed by the Colorado river. At first this river was like any other river. After a while the river started to cut a deep groove. It cut this course until now we find that it has cut a course more than 600 miles long and over one-half mile deep.

This canyon is in the northwestern part of the State of Arizona.

The Grand Canyon was made by an act of nature. This canyon is important because it is the most striking example of river erosion. It is also important for its park and for its scenery.

—Jack Avriett.

Mammoth Cave

Mammoth Cave has a natural arched entrance, about seventy feet wide that leads into a large underground with many large rooms and passages. Inside this underground world there are many large rooms with many stalactite and stalagmite formations. Mammoth Cave has been bought and sold several times by different people for the large quantities of salt peter. The Mammoth Cave was formed by rain water laden with acid, which has gradually carved out this wonderful cavern.

Mammoth Cave is located in a wild and rocky ravine in Kentucky about ninety miles south of Louisville.

This great underground world is noted for its size and beauty. It is next to the largest cave in the world in size. This cave is important because it attracts many visitors each year to see the wonderful rock formations.

—Harold Jackson.

Yellowstone National Park

Yellowstone Park is a plateau with an average altitude of 8000 feet. The Absaroka border this park on the east, the Snowy Mountains on the northwest, the Gallatin Range on the north and west and the Tetons on the south. The park has hills, plains and valleys, and in some places mountains rise to heights of 11,000 and 12,000 feet above sea level. About four-fifths of the park is covered with beautiful forests. The forests are of lodge-pole pine, balsam, spruce and Douglas fir. Shrubs and trees are sometimes found along the rivers but these basins as a whole are practically bare.

Yellowstone Park lies in the north-western corner of Wyoming, part of it being located in Montana and Idaho.

Yellowstone Park is one of the world's wonderlands. It was set apart by the United States Government in 1872 for the benefit and enjoyment of the people.

It is important for having so many wonders in it such as Mammoth Hot Springs, Hell's Half Acre, Morning Glory Spring, Eagle Rock and the Castle Geyser. The Upper Falls are two-thirds as high as Niagara. Yellowstone Park is also a refuge for wild animals such as elk, antelope, moose, buffalo and bear.

THAT DAY THE TOWN DIED

Some years ago we lived in a town that had for its neighbor, a few miles to the north, a town about the same size.

Both possessed equal advantages as to location and resources. The country surrounding each was the same as regards to the fertility of the soil and the type of farmers, the proximity to market, roads, railroads and all of those things that have a bearing on the welfare and prosperity of the country towns.

But notwithstanding these equal advantages, one town went ahead and prospered beyond the other. One by one it got the things it wanted and the distance between the two gradually, but perceptibly widened.

To a casual observer the reason was not apparent. It seemed difficult to explain why one town should so outstrip its neighbor when both were endowed with like advantages.

Having lived in the town that did not make the progress made by its neighbor, we had an opportunity to observe the reason for its failure.

It was all due to the fact that there existed a clique in the town that while it had few progressive ideas of its own, refused as though by common consent to accept any idea projected by anyone outside the circle.

The result was that every idea proposed by the progressive element of the town was frowned upon and discouraged and booted down until finally the younger and more progressive element of the town gave up and ceased to strive against the opposition.

That day, the town died. It will never recover. The old crowd that valued nothing that did not originate with it had its way and the town is

now paying the price of their jealousy and narrowness.

We have an idea that there are many such towns, if one could know the intimate history of them, that have failed for this very reason.

The theory that men are rewarded in this world according to their deserts is largely bunk. There are men in every community who have received large reward who are shallow, superficial, selfish and have contributed little if anything to the community. They have merely got the breaks as they say. On the other hand there are men in every community who are possessed of every fine, sound, worthwhile trait who have an exalted idea of service and who give largely of themselves to the community and those about them who have not been adequately rewarded with this world's goods at the hand of the public, and they never will be. They are the draft horses of the community who are carrying the load while some of their fellows often less discerning, are riding in the chosen seats in the band wagon. The theory is not popular with chauntiqua lecturers and writers but look about you, and check up to yourself.

Suggestion to the dailies that persist in printing all of the details attendant upon the demise of the unfortunate sent to the electric chair: Why not have a talkie made of it? In this way the struggles of the victim could be more graphically and dramatically portrayed. A glib-tongued announcer could keep up a running fire of comment and describe in detail the muscular reaction when the switch was thrown and the hot juice sent sizzling through the victim's veins. The dailies as it is strive to produce the same effect, but cold type and ink and paper fall far short of the possibilities of the talkies.

The public is prone to complain because of the oppression of the trusts, but every trust was created by the people themselves. The people themselves in the mad rush to get it cheaper gradually starved out the little fellow who furnished competition that kept the prices low. The trust, when once it gets things its own way, makes the public pay in full. The people themselves make the trusts and monopolies possible.

Don Barrett Makes Good For Mancos

Last Sunday afternoon Mancos easily defeated the Indians by a score of 11 to 2.

Don Barrett, Mancos' new pitcher, was decidedly too much for the Redskins. Barrett pitched exceedingly well for six innings while his teammates ran up a big lead, then John took the box and Mancos coasted to victory.

Heck Carr made two sensational catches as well as connecting for two or three extra base hits.

Larson, last year with Ignacio, was ineffective, and was replaced by Beecher who retired the side easily.

Mancos has lots of new material and it looks as though it will have as good a team when it plays Dolores next Sunday afternoon. The game will be played on the Dolores diamond.

Mr. Barrett's home is in Cameron. He is the son of Mr. and Mrs. J. M. Gennery of Cameron and brother of Robert Lee Barrett of Cameron.

L. F. GOHMERT CALLED TO SAN ANTONIO; FATHER ILL

L. F. Gohmert of the Gohmert Variety store was called to San Antonio on Monday to be at the bedside of his father who was taken there from the family home in Cuero. He was reported to be critically ill.

News received Wednesday indicated a slight improvement in his condition and he has been returned to his Cuero home.

The many friends of Mr. and Mrs. Gohmert in Cameron will regret to learn of the illness of their father.

SERVICES AT CURRY

Next Sunday afternoon, either the pastor of the Methodist church, or some one whom he sends, will meet with the folks at Curry school for religious services.

WHY CHAMPION HOLDS ANNUAL CHANGE WEEK

Champion National Change Week for 1931 is set for May 4 to 11.

This is the week when motorists install new sets of spark plugs in their car motors to obtain the better performance which experience has taught them will result.

Change Week was established several years ago after prolonged research and thousands of experiments had proved certain facts about the life of spark plugs.

One of the facts thus revealed was that when spark plugs have been used in 10,000 miles of driving they have deteriorated to such an extent that new sets secure more power and speed, faster acceleration and all around better performance and economy for another 10,000 miles.

The reason is explained by O. C. Rohde, Champion's Chief engineer and a recognized authority on ignition problems of internal combustion engines.

'The intense heat, the ravages of chemical reactions and the tremendous mechanical shocks to which spark plugs are exposed inevitably take their toll, no matter how well the plugs may be,' says Mr. Rohde.

'The insulator becomes incrustated with bits of carbon. In time and with the aid of extreme temperatures these carbon particles break down the glazed insulator surfaces. The result is a diffusion of current through spots thus eroded, a decline in the spark's intensity and a consequent loss in the engine's efficiency.'

'Electrodes share with insulators in the destructive effects of the demoralizing forces at work. In the modern spark plug electrodes are of special analysis, especially treated alloys. They last much longer than those in spark plugs of a few years ago, but there still remains an inferno of heat and chemical conditions in which they must function.'

'After 10,000 miles of service the results of this harsh treatment are readily observed in the electrodes of all spark plugs.'

'The center electrode is pitted and burned away. The ground electrode is likewise pitted and burned so that no longer presents a parallel surface to the center electrode. In consequence the spark from one electrode to the other is small, of no great intensity, and the gap setting often becomes too great for the spark to jump under load conditions, heavy pulls and rapid revolutions.'

'It is a proved fact that new spark plugs every 10,000 miles represent an actual economy in gas and oil alone. Furthermore, they restore in large measure new car power, speed and acceleration.'

'New spark plugs every driving season pay for themselves in improved performance and in addition they yield welcome extra dividends in driver satisfaction.'

Champion Spark Plugs are advertised in The Herald for the Joe Bass Garage in Cameron, better known as the K. T. Garage, Joe Bass, Proprietor.

Mother's Day Service Presbyterian Church On Sunday Night

Mother's Day services will be held at the Presbyterian church Sunday night at 7:45 o'clock it was stated by Rev. O. C. Acrey, minister.

The pastor will preach the baccalaureate sermon for Buckholts high school Sunday and there will be no services at the church Sunday morning.

The regular Sunday school worship will be held at 9:45 o'clock. Superintendent Judge W. G. Gillis will be in charge. Christian Endeavor Societies will meet at 7 o'clock.

Mrs. W. T. Hefley, director of music of the Presbyterian church has announced special musical numbers for the Mother's Day service. Mr. George Cay will sing, 'Mother McCre.' Mrs. J. H. Sapp will render a special pipe organ number.

ACREY TO PREACH

Rev. O. C. Acrey will preach a Mother's Day sermon at a joint service of the Presbyterian and Baptist churches of Marlow Sunday afternoon.

Dinner will be served on the ground at Marlow Baptist church and members of the two congregations are invited to attend the dinner and remain for worship services.

Rosebud Man

(continued from page 1)
gun belonged jointly to the trio and that they had won it in a poker game. **Make Buys Bullets**
Both Hale and Hilliard were about 35 years of age. Kelly, the only

witness to the shooting, stated that the three had been riding all day and had been to Bartlett, where Hale had attempted to buy bullets for the revolver. Kelly prevented Hale from purchasing the bullets in Bartlett, by telling merchants not to sell them to him, so Hale got in the car and drove to Granger, where he purchased bullets, Kelly said.

The three men started back toward Kelly's house. 'After we had gone three or four miles out of Bartlett, Hale held the gun on me and threatened to kill me. He also threatened to kill other people,' Kelly's signed statement to Deputy Sheriff Albert McKay Jr., and County Attorney W. A. Messer reads.

Threats Made

'Hale said that he was going to make me drive to Rosebud where he was going to kill some men, and that he was then going to kill me,' Kelly told officers.

'Hilliard grabbed the gun and I stopped the car and jumped out and ran 50 or 75 yards. Hale called to me to come back. I stopped for a minute. Both of them were out on the ground. They quit scuffling and Hilliard got back in the car. I was looking at the car when the shot was fired. I saw Hale when the shot was fired.

Had Been Friends

'Hale walked to the back of the car and motioned for me to come to him. I went running the other way. The three of us were friends. When Hale came to our house in 1920 he was going under the name of Tom Glass,' Kelly stated.

Kelly's statements indicated that there had been no specific ill feeling between the men.

Murder Charge Filed

A charge of murder was filed against Hale in Justice of the Peace J. W. Carlisle's court at Holland this afternoon. Hale was brought back to Belton and lodged in jail by Deputy Sheriff McKay. He had not made a statement except to deny that he shot Hilliard.

Hale was captured by a group of citizens as he fled across the fields toward Alligator, and the revolver taken from him.

'Hale and Hilliard had been drinking,' Kelly stated to officers who questioned him.

Health Program

(continued from page 1)

inspection, school children, pre-school children and mid-wives will be served. Drs. W. A. Allen of Rockdale and S. J. Sealy of Cameron will assist in these inspections.

A tentative program has been outlined for the rural communities as follows:

- May 2, Cameron, office.
- May 3, Griffin Chapel, arranged health meeting.
- May 4, Port Sullivan, school closing.
- May 5, Griffin Chapel, clinic.
- May 6, Cox's Providence, clinic.

RUN-DOWN and WEAK

"I began taking Cardui when in a weakened, run-down condition," writes Mrs. F. S. Perrit, of Wesson, Miss. "I took one bottle, and I seemed to improve so much that I sent for six bottles. After I had taken the six bottles, I seemed entirely well."

"Before I took Cardui, I was nervous, restless, blue and out of heart. I felt depressed all the time. After I took Cardui, all this disappeared."

"I gave my daughter Cardui and it helped to relieve irregular..."

Mrs. Roy Lindsey and Mrs. Wade Fatheree went over to Rogers last

"ADVANCED" SURGERY

Elmar Wegener, a Danish painter, who had been married for years, recently underwent an operation at the hands of Professor Doctor Warnekross, well-known Dresden gynecologist. The operation resulted in the changing of the man into a woman. He—or rather she—adapted the name Lill Elbe. The marriage was declared void. It is also said that the man-woman has given up the profession as a painter. Above may be seen the former Elmar Wegener, now Lill Elbe.

Sunday. Mrs. Fatheree has returned while Mrs. Lindsey remained for a few days visit with her sister.

Mr. and Mrs. Arthur Hensel, Mr. and Mrs. Fred Freichs, Walter Marek and Carl Marburger were in Marlin on business recently.

Jake Dodson and family had as guests last Sunday Mrs. Heard and Miss Hazel McClain of Hadenheimer, Nathan Franklin and family of Temple and Mr. Dodson and Mr. Franklin of Rosebud, Ura Hilliard and Miss Winnie McClain of Rosebud and two sons and daughter of Mr. and Mrs. Milton Weems of Belmena.

On next Saturday morning Master Lanier, son of Mr. and Mrs. Herman Schulz will have his tonsils removed at the Cameron hospital. He is being given blood transfusion in order to be able to undergo the operation.

On next Sunday morning a Mother's Day program will be rendered by the church members at the Baptist church. Everybody is invited.

Mr. and Mrs. Gano Ford and children, Francis and Bonnie Lou were guests of Mr. and Mrs. Roy Sample recently.

Mrs. Neppie Swanzy of Rosebud and Hubert Swanzy of Port Arthur are guests in the homes of Abbott, Joe and Jeff Swanzy and families.

Mr. and Mrs. Louis Hightower of Waco and Johi Lucas and wife of Hamilton visited Charlie Herogotter and family recently.

Andrew Lierman and family had as recent visitors Mr. and Mrs. Leo Chattim and Mrs. Rosa Love of New Braunfels.

Mrs. Chas. Huegatter has been quite ill and is not yet able to be up but her condition seems to be improving.

Miss Henrietta Werland visited Miss Cornelia Pieper at Barclay last week end.

The big rain of last week washed the land considerably. Lots of cotton is to be planted over in this section on account of cool weather and being too dry for a while.

The Old Home Becomes the New

No stage magician ever worked a transformation more wonderful than a few we have achieved.

To take a time-battered, out of date, old house and transform it into a sound, modern, handsome home is a real feat. Yet, we can do it and at a moderate cost too.

What is more we can build that new home for you and excell anything you may have planned. After all there is nothing quite so necessary to your happiness and well being as a home.

Never was a better time than now to build because everything is lower in price—much lower than for many, many years.

Carey's Blue Ribbon PAINT

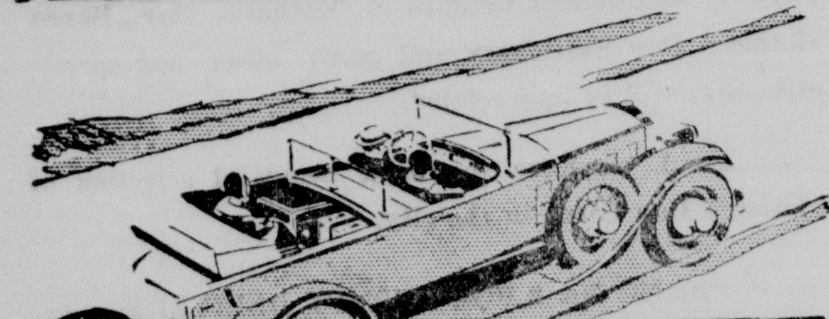

This great paint will work for you every transformation you might desire in decorating your home. You may need a paint job. Don't forget that there is a reason for Carey's Leadership and Quality.

SUNNY POPE GIVES PLAYER AVERAGES

CUP RACE AND OUTSIDE GAMES LISTED IN PLAYER RECORD

Herewith are the averages of the Cameron Firemen made in duplicate figures. The figures above represent the averages that apply to the Temple Telegram Race while the lower figures represent outside games which do not help nor hurt their averages in the Temple Telegram Race.

In order to find the year's average for any player at any time the averages are printed, divide the total number of times at bat into the number of base hits which have been credited to that particular player.

To find the fielding average of a player add the number of put outs, assists and errors together and add into the total of put outs and assists.

Mr. and Mrs. E. A. Miller and 3 children of A. & M. Extension Department, were delightful guests of Mr. and Mrs. Niley Smith Sunday. A very delightful day was spent as Mr. Smith and Mr. Miller were school mates at A. & M. College, and Mrs. Smith and Mrs. Miller were school mates at C. I. A.

SUNNY'S SIDE

In Saturday's game at Sharp Unk Young gave an excellent exhibition of what can be expected of him when he wishes to pitch. Of the fourteen men he pitched to Garner obtained the only hit. No runs were scored against Unk. When he went into the box the bases were full and only one out. He stopped the shooters from there on.

Two double steals of second to third and first to second were pulled by Vogelsang in the lead with McDermott following.

Four extra base clouts were made by each team. All were doubles except one triple by Walker in the eighth.

McDonald played an excellent part in the shooters offense as well as defense. He got two two baggers in five times up and made three potatoes. He can get a job with any team in this league he chooses as the managers will always make room for such as he.

Vogelsang dived for Rosenberg's bunt in the ninth and threw Rosey out at first from a sitting position. This with Walker's 'Ditty' furnished the most laughter for the fans.

We have a .350 hitting club and such swatting will deal misery to the opposition and throw fear into the hearts of the pitchers.

In looking over the score sheet of Sunday's game 'Bubbe' McDermott was sharing the honors with Vogelsang in the swatting department. McDermott hit at a .750 clip while Egan was compiling a .600 average. Again the Fireman batted over .300 so to be exact they got one hit for each third man to go to bat which means a .333 hitting club.

This game was devoid of anything like the sparkling plays usually dish out to the fans by one side or the other. The nearest approach to this was the two double killings made by the Firemen.

Things looked dark and gloomy for the local lads at the end of the second inning when Rogers was leading eight to one. But the Fire lads have that 'I ain't licked' spirit and that coupled with base hits won a game which the fans thought was hopeless.

Throughout the whole game Unk Young did not issue a free pass and whiffed seven opponents. Widener, who throws with the wrong arm, struck out eight and walked four.

RECEPTION

A social event of state-wide interest was the brilliant reception given Tuesday afternoon by Mrs. T. S. Henderson at her beautiful colonial home 424 West Seventh Street, where grace and sparkling repartee were enjoyed.

Several hundred ladies accepted the cordial invitation of the hostess, who named as honor guests her four charming daughters, Mrs. Boyd Wells, of Austin; Mrs. Hamilton Bonnet of Evanston, Ill.; Mrs. Ernest Beard of Hillsboro and Miss Mary Lake Henderson of the home.

While all entertainments in this very delightful home are much sought after, this was one of the most pleasant and happy events. Miss Winnie Henderson received the guests at the portals, inviting them to the receiving line composed of the hostess who in a very delightful manner, presented them to her 'future daughter in law,' Miss Fannie Lou Davis, who is to become the bride of John B. Henderson, Wednesday, June 10. This was a very great surprise to many, and will culminate a romance of several years. After greeting the charming bride to be, passing down the receiving line Mrs. J. E. Harris of Fort Worth, sister of the honor guest, Mrs. Hamilton Bonnet, Mrs. Ernest Beard and Miss Mary Lake Henderson greeted the callers. After happy greetings, Mesdames T. S. Denson and W. E. Gaither passed the guests to the middle reception rooms where Misses Helen Flinn and Lucille Dickard invited them into the spacious dining room where seated at the table were Mrs. R. H. McIntosh, and Mrs. Ben Thrasher, poured a from handsome silver service at either end of the table. Misses Grace Mangum, Blanche Hensley, La Verne Bowmer, Mary Frances Green, Mrs. Bassett Watson and Mrs. James Coleman, Jr., served a dainty salad plate with hot tea, after which guests

were left to stroll among the rooms meeting the guests at pleasure.

This hospitable home is filled with rare imported curios and ornaments gathered by the girls of the home on different trips abroad, always a source of interest, was handsomely decorated with a colorful array of cut flowers and garden flowers that added beauty and fragrance throughout the home. A large hand painted china bowl held dainty sweet peas in opalescent shades and graced the center of the dining table, while baskets, vases and bowls filled with chosen flowers were noted at pleasing points.

The following out of town guests were among those present: Mrs. Lee Sens, Baltimore, Md.; Mesdames A. J. Dossett and Wm. Foster, Waco; Mesdames Boyd Wells, David Gracey, Ben Thrasher, George Walling, and Miss Ellen Beggs, Austin; Mrs. J. E. Harris, Fort Worth, sister of the bride-elect; Mrs. Uriah Roddy, Temple; Mrs. John P. Taylor, Mrs. Taylor, Jr., and Mrs. Judge Glaes, Rosebud; Mrs. John Esten Cooke, Mrs. J. O. Newton, Mrs. Barclay, Mrs. I. P. Sessions, Mrs. Vance, Miss Florence Dunington, Miss Alice Eloise Barclay, Rockdale; Mrs. George Clark, Needville; Mrs. Tom Stidham, Jones Prairie; Mrs. Ernest McKnight, El Paso; Mrs. W. T. Hefley, Ft. Worth; Mrs. Ernest Beard, Hillsboro; Mrs. Barnett, Itasca; Mrs. T. V. Adams and daughter, Miss Jean Adams, of Buckholts; Mrs. Law Henderson, Mrs. James Brock, Mrs. Holsell, Mrs. Stuart Barron, Bryan; Mrs. Hamilton Bonnet of Evanston, Ill.

YOUNG PEOPLE MEET

The object of the Young People's meeting held at the Methodist church Sunday afternoon was to explain the plans of a contemplated forward movement of the church. Mr. Kelley of Reagan and Ernest L. Roberts, president of the Texas Epworth Lea-

gue Conference were present and gave a summary of the new organization, which they are planning to inaugurate at the meeting to be held at Jacksonville May 31 to June 6.

Representatives were here from Tracy, Rockdale, Hearne, Calvert, Arnold, Minerva, Maysfield, Reagan, Rosebud, Marlin, Gause and Travis churches.

Rev. King Vivion, president of Southwestern University, Georgetown, Rev. E. M. Stanton, president of Lon Morris College, Jacksonville and Rev. E. L. Ingram, presiding elder of the Marlin District, were able speakers of the occasion. Rev. Stanton filled the pulpit at the morning services and the presiding elder spoke at the evening hour, followed with a session of the Second Quarterly Conference.

PLEASANT AFTERNOON WITH MISS MASTERS

Many pretty affairs are being given at the Country Club this spring. Among them was a very delightful bridge party Saturday afternoon when Miss Katie Blanche Masters entertained at three o'clock with eight tables of players.

A pink and green color scheme was used in appointments when pink roses were predominant in the decorations and table accessories.

The hostess' home is in Lott where she is a member of a bridge club and half of her guests were from her home town club.

Highest score for guests went to Mrs. W. A. Bonds, Cameron, and high club score was won by Mrs. Thomas Westbrook of Satin, who received attractive silhouettes; consolation fell to Mrs. W. A. Patton of Lott and Mrs. Sam Baxter of Chilton receiving pretty fancy broom dolls.

Misses Patsie McGregor, Madie Watson and Carolyn Cheeves served fruit punch from ice squares during the games and assisted the hostess in serving pink ices moulded in rose design with angel food squares embossed in pink rose pattern. Sweet peas were laid on each plate, making a very pleasing effect.

Miss Masters is the popular Latin teacher of Yoe high school this year.

CAMERON GIRL SINGS

Friends in Cameron were delighted at 2:30 Saturday afternoon to hear Miss Lorene Wade in two solos over KPRC radio station in Houston. The program was part of a broadcast by the Blinn Memorial College Choral Club from Brenham.

Miss Wade sang 'Love's Old Sweet Song' and 'Silver Threads Among the Gold.'

As a result of the announcement of the program many Cameron friends were ready for the broadcast and enjoyed the program, especially the songs by Miss Wade.

HISTORY CLUB MEETING

The Cameron History Club met on schedule time at the home of Mrs. E. A. Wallace Tuesday afternoon. Mrs. Tom Denson presided. Various items of business were discussed and a nominating committee for the election of officers, was appointed to report at the next meeting which is the last for this year's term.

Roll call responses were of general interest and were discussed in round table fashion. These proved highly interesting and instructive.

Mr. Love told of the opportunity to hear an informal speaker give an outline of County Health nursing, its need and its results. He referred to the address to be given by Mrs. Ledbetter from the State Health Department, and at the County Council in the District Court room Saturday, May 2 in the afternoon.

Miss Bartholomew was unable to be present as invited, but will present some phases of her work at the next meeting, in which the club will be asked to cooperate.

Mrs. Lloyd Mitchell, associate member, was a welcome guest.

MISS MOLLIE MOORE IN THANKS TO BIBLE CLASS

The following beautiful note was received by the Wesley Bible Class of the Methodist Sunday school from Miss Mollie Moore whom they, and a few other friends, showered with a beautiful love shower two weeks ago, coming as a surprise to the recipient:

'Wesley Bible Class, Happy Greetings: I shall try to thank each of you for your lovely and generous gift presented me last Sunday. Your love shower means more than words can express, not only in your generous act, but in the love motive which prompted your deed. Like Mary in her love, broke her alabaster box pouring its rich perfumes over Jesus before he was crucified. You have showered your love gifts on me from time to time. It is always sweet to be remembered and know one's efforts are appreciated and their work admired; and when you see flowers in

our church please remember—flowers are messages of God's love, good-will bearers, and hoping their beauty will make us see that He who gave the flowers is watching over you and me

EPWORTH HI PARTY

A very delightful evening was spent by the members of Epworth Hi League last Friday evening. Miss Frankie Slaughter conducted indoor games in the basement of the church, followed with light refreshments consisting of ice cream cones and individual cakes. Some 25 of the young people were in attendance.

BAPTIST W. M. S.

The W. M. S. met at the church on Monday afternoon at four o'clock for a business session. Mrs. R. G. McLeod president, presiding.

An appeal was made by the president for linens for the Baptist hospital at Waco.

There were 18 members present. They will meet in circles next Monday afternoon, all circles will have a Bible study. The Lottie Moon Circle will meet with Mrs. W. M. Fannin at four o'clock. Mrs. T. S. Henderson will be hostess for the Lillie Mae Fundley Circle Monday, meeting at 4 o'clock. Mrs. Joe Denson will have the Eunice Taylor Glass Circle and will meet at 3 o'clock. The Lois Howard Mashburn Circle will meet at 3:30 o'clock in the home of Mrs. Larry Hackebiel.

VISITS OLD HOME

Mrs. Elmer Green and son, Neff, of Corpus Christi, are here visiting in the home of her brother, Will Ford and family. Mrs. Green is the daughter of the late S. B. Ford who formerly lived here, and scores of friends will be delighted to welcome her return visit. Before her marriage was Miss Mattie Ford, and attended school here before moving away.

CHRISTIAN AID

The Christian Aid met in the home of Mrs. H. E. Garner Monday afternoon. Lesson was led by Mrs. Jim Adams, assisted by Mesdames Ray Burke, Martin Kilian, Harris and Guy Slocomb. One visitor was present, Mrs. Wm. Grimmer of Austin. Mrs. Garner served a dainty sweet at the close of the session. They will meet next Monday afternoon at the church.

MISSIONARY SOCIETY

The Missionary Society of the Methodist church held a business session at the church Monday afternoon. Mrs. M. M. Johnson, president, presided and led the devotional. Next Monday afternoon Mrs. R. L. Bate will lead a missionary lesson.

PRESBYTERIAN AUXILIARY

An interesting Bible study lesson taken from the First Chapters of James was led Monday afternoon by Mrs. Mary Henderson. A business meeting followed the Bible lesson. Next Monday they will meet in the homes of members.

BIRTHDAY PARTY

Little Celestine Charles Good, the four year old daughter of Mr. and Mrs. J. W. Good was a delightful little hostess to a number of her friends Saturday in celebrating her birthday.

Outdoor games were conducted by Misses Fannie Mae Sharpe, Loretta and Willie Good, followed with the cutting of the pretty birthday cake where the proverbial emblems were hidden away, and were received by the following: Mary Bella Lansford, wedding ring; David Hoover, engagement ring; Velda Marie Young, the canoe; Loraine Rosky, the chain; Pauline Bird, the coronet; Joeline Lindle, the button; Johnnie Good, the heart and Celestine Good the thimble.

Ice cream cones and angel food squares were served at the close of the afternoon of pleasure.

S. S. & B. Y. P. U. PARTY

On Wednesday, April 29 Mrs. Grady Cooper entertained her Sunday school class and her Junior B. Y. P. U. group with an animal party.

The home was decorated with roses and nasturtiums and an added attraction appropriate for the occasion was afforded by the use of various colored paper animals. Margaret Martin and Virginia Compton received the guests at the door and pinned upon each a convention badge, the badges also representing animals.

Numerous games directed by Nancy Newton and Alice Rylander were played during which Ann Margaret Smith was awarded a prize for pinning on the donkey's tail and Ralph Mayfield was awarded a prize for naming the most animals.

At the conclusion of the games re-

freshments were served which consisted of animal cookies, iced in pink, and strawberry soda water. Candy was passed among the guests. The party was attended by about 25 boys and girls from the Baptist church. John Lane Baskin of the Methodist Sunday school was also present as a special guest.

OLD FRIENDS PARTY

Beautiful spring flowers in artistic profusion adorned the reception rooms Wednesday afternoon when Miss Aetna Smith entertained for her mother and sister, Mrs. Madara Letcher, of Dallas, who is a pleasant house guest in the Smith home.

Guests were drawn from old friends of the honorees and a few neighbors. A most delightful afternoon was spent reminiscing, as many of them were college mates when young ladies.

After a delightful time in pleasant mixing and mingling, the hostess served a salad course with coffee. Punch was served during the afternoon.

HOYTE SOCIAL

The adult members of the Presbyterian church of Hoyte were hosts to the young people of the church at a social given Wednesday night at the Hoyte school house.

The occasion climaxed a contest of Bible reading between the two groups, Rev. O. C. Acree, minister, stated. A great deal of enthusiasm is being manifested at Hoyte. Mission work of the Presbyterian churches of this county is very encouraging.

Hoyte will have a graduation service for its young people May 17. Rev. Acree, on invitation of the class will preach a sermon for the occasion.

MR. AND MRS. LEE SENS ENTERTAINED

Miss Aetna Smith was hostess to three tables of bridge players Tuesday evening at the home of her parents, Mr. and Mrs. H. F. Smith, naming as honor guests Mr. and Mrs. Lee Sens of Baltimore, Md., who are here visiting his mother.

High score for the ladies was made by Mrs. Rush Thomas and high for men by Stanley Swift. Consolation fell to Miss Lindsey. Mrs. Sens was presented with a dainty vanity.

Mr. Sens was reared in Cameron and many friends were delighted to welcome his return, and to meet his bride of a few months.

The hostess regaled her guests with a salad course and a drink.

MISS BLAYLOCK ENTERTAINS DRAMATIC CLASS

Miss Dorothy Blaylock entertained her dramatic class Friday evening with a spring picnic at the Country Club from 7 to 9 o'clock, followed with a dance from 9 to 12 o'clock. A five piece colored orchestra furnished music for the occasion.

Each member of the class invited a guest and a very delightful evening was enjoyed by the following members of her class: Ben Atkinson, Billie Gaither, Julia Mae McCollum, Mable Watson, Catherine McIntosh, John Wallace, Charles Stall, Patsie McGregor, Carolyn Cheeves, Dorothy Lesovsky, Mary Frances Blaylock and their guests.

MISS HELEN FLINN ENTERTAINS SCHOOL GIRL FRIENDS

Miss Helen Flinn entertained Tuesday afternoon with two tables of bridge, inviting former school girl friends to meet each other and spend pleasant time in merry games.

At the conclusion of the afternoon hostess served a two course salad plate with drink.

Those to enjoy this delightful affair were Mrs. W. T. Hefley of Fort Worth, Mrs. McKnight of El Paso, Mrs. Mennis of Fort Worth, Mrs. Hamilton Bonnett of Evanston, Ill., Mrs. Ernest Beard of Hillsboro, Mrs. Clifton Jenness, Mrs. Eber Flinn and Miss Mary Lake Henderson.

ATTEND CONFERENCE

Those who attended the District Conference of the Marlin District which met at Caldwell on Tuesday and Wednesday of this week, besides the pastor were as follows: Judge Jeff Kemp, Mrs. W. O. Triggs, Mrs. R. L. Batte, Mrs. M. M. Johnson, T. A. Fisher and Mrs. Fisher and son, Miss Frankie Slaughter, Mrs. C. A. Lehmberg, Mrs. L. E. Gribble and children and Miss Ruth Kemp. Judge Kemp, Mrs. W. O. Triggs and Mrs. R. L. Batte were honored by being elected to represent the Marlin District with six others at the Annual session of the Texas Conference of the Methodist church which meets at Beaumont November 5, 1931.

The District Conference next year will be held at Rosebud.

METHODIST CHURCH

We extend a cordial invitation to every Mother's son or daughter to attend our services next Sunday morning at 11 o'clock when we honor Mother in our worship of God. Let every one go to the church of his or her choice and thank God for the best friend any one can have on earth, except the Savior, of course. Our evening service begins at 7:30 p. m. We had splendid services last Sunday and we expect better next. At the Sunday school which begins at 9:45 a. m., we shall also remember Mother in an appropriate way. Let our community get in the habit of attending church services and we shall have a better and a happier citizenship.

C. A. LEHMBERG, Pastor.

CITY BUSINESS WOMEN IN SESSION HEAR WALLACE

Prominent Bar Member
Addresses Club
Tuesday

Regular meeting of the Business & Professional Women's Club was held Tuesday evening at Texas-Louisiana Power Company's office with the president, Rose Riechard, presiding. After a short business session, a nominating committee for election of new officers were appointed as follows: Lillian Atkinson, chairman, Mrs. M. Barfield and Iva Wilson.

Miss Annie Stallworth presided over a splendid program that was given where the following appeared: Iva Wilson read an interesting paper on 'Did Man Exist on American Continent During the Ice Age?' Delphya Scott read a paper on 'Red Man's Medium of Exchange with White Man during Primitive Times.' Mrs. Nina Wilkerson gave an excellent talk on 'Women in Banking.'

The outstanding talk was made by Judge E. A. Wallace who gave an interesting and instructive talk on 'Decent of Property and Making of Wills.'

Miss Vivian Weaver of Houston, with the Cameron Ice and Cold Storage Company, in the Home Service Department, gave a delightful talk on health foods with demonstration how to keep foods in good condition in refrigerators and later served apricot parfait, which was complimentary from the company she represents, and was much appreciated by the club who wish to extend their thanks.

The club is sponsoring Willard, the Wizard, who is to be here Thursday, Friday and Saturday, May 7, 8 and 9 inclusive, with a matinee Saturday afternoon, to be presented in a tent at the City Park. He comes to the club as a high class magician with prices to meet the times, adults 25c, and children 15c.

Beside club members there were present Judge and Mrs. E. A. Wallace, Mrs. John S. Owens, Mrs. Nina Wilkerson, Misses Catherine Robbiss, Ola Meyers, Malchan Riechard, and Annie McLane, a former member of the club.

MAYOR CHAMBERS IMPROVED

Friends in Cameron will be pleased to note that the condition of Mayor Chambers is much improved since our last issue. This news will be received with grateful hearts by the people here.

Mr. Chambers is to undergo a second operation at the Scott & White Hospital. This operation will be performed as soon as Mr. Chambers regains sufficient strength to stand it.

John King, of Houston, a former citizen is visiting his daughter, Mrs. John Olson, this week.

WILLARD THE WIZARD SHOW TO PLAY HERE

The famous Willard the Wizard Show will play here in the City Park starting Thursday, May 7, through the entire week. The show is under the auspices of the Business and Professional Women's Club.

Many wonderful magical feats never before seen in Cameron will be witnessed at the show, which is said to be the greatest of its kind of shows in the world today. Also, the public will have the opportunity to see a number of personal friends here who will be glad to see him again.

Willard the Wizard, is a sensational illusionist and an Oriental wonder-maker and has a national reputation for his splendid magical feats.

Of interest to people of this section is that Mr. Willard was formerly a resident of this city and has a number of personal friends here who will be glad to see him again.

NATHAN CALCHEN DIES IN KANSAS CITY MONDAY

BROTHER OF MAX COLLINS
PASSES AWAY AT THE
AGE OF 53 YEARS

Nathan Calchen, 53, died at his home in Kansas City at 11 o'clock on Monday night, May 4, 1931 following an illness of several weeks.

Mr. Calchen was a brother of Max Collins of Cameron. He was not known in Cameron. Max Collins has been a resident of Cameron for many years.

Mr. Calchen was engaged in the tailoring business in Kansas City. He was a native of Russia, coming to America when a young man.

Friends in Cameron and this section extend their sincere sympathy to Mr. Collins in his bereavement.

Mr. and Mrs. Lee Sens Visiting In Cameron

Mr. and Mrs. Lee Sens of Baltimore are in Cameron this week visiting in the home of Mrs. Chas. Sens.

Mr. Sens is superintendent for three cotton mills, the company known as the Mr. Vernon Woodberry Mills of Baltimore, Md. The company owns and operates five mills, one of which is located in Baltimore and one in Talaase, Alabama. The mills were established in 1840 and are makers of duck for the sails of the famous clipper ships, light and heavy ducks, sugar cloth, seins, moor products, twines and twills, doing business in all parts of the world, China, Europe, Africa and South America.

Mr. Sens is a graduate of the University of Texas and of Georgia Tech. He is a world war veteran and was one of the outstanding athletes of all time at the University of Texas.

They will leave Cameron Saturday for Aabama and South Carolina where he will inspect mills of the company. While in Cameron they, in company with their mother, visited in San Antonio.

WILLIAM ROGERS IMPROVED

William R. Rogers in the Woodson Hospital in Temple for treatment as a result of injuries sustained in his right eye, is reported doing nicely. His condition has shown a decided improvement and his many friends will be glad to know that he may soon be permitted to return home.

OLLIE BARTHOLOMEW BURIED IN FRANKLIN

BROTHER OF HOME DEMONSTRATION AGENT HERE DIES IN LOUISIANA

Miss Minnie Bartholomew, Home Demonstration Agent of Milam County, was called to the bedside of her brother, Ollie Bartholomew in Louisiana Saturday, who was fatally ill with pneumonia. Her mother, Mrs. Bartholomew of Franklin was also present when he died Monday night, 10 o'clock, May 4. His remains were brought to Franklin where the funeral was held Wednesday afternoon at 4:30 at the Baptist church. Burial was made in Franklin cemetery.

Deceased was employed by a firm that took him out of the state some time ago. He was a single man, highly regarded and many friends will be saddened by his passing.

The following attended the funeral in Cameron: Miss Blanche Hensley, Miss Winnie Henderson, Mrs. W. R. Newton, Judge Jeff T. Kemp and George Banzhaf.

"Dishonored" Brings Greater Stardom To Marlene Dietrich

Talk is about to start again in Cameron. Marlene Dietrich is back at the Milam Theatre for two days in a picture that is bound to startle film audiences even more than her original opus, 'Morocco.' The picture is 'Dishonored,' which will be here Sunday and Monday, May 10 and 11, in which this surprising woman is cast as an Austrian spy in wartime, playing a reckless and dangerous game, spurred by a patriotic purpose, with love as the ever eminent threat to safety.

'Dishonored' is a brilliant story. It is said the facts were taken from the life adventure of one of the war's most glamorous woman spys. Whether or not this is so, Dietrich gives glamorous interpretation to its sometimes subtle, always exciting, chief character. Beautiful, clever, disillusioned, the amazing actress plays men at their own game, and wins, with one reckless, mocking young officer, 'throws love into the game'—and then? Then comes the smashing surprise climax which makes 'Dishonored' the thoroughly great drama it is.

Co-starred with the luscious Dietrich is Victor McLaglen, star of such hits as 'What Price Glory?', 'The Cock-Eyed World', 'A Devil With Women.' Here he plays the kind of roasting role, in uniform, which won him fame on the screen, a carefree, persuasive lover. McLaglen and Dietrich are splendid together, a pair of lovers with the flavor of romance.

'Dishonored' is the third Josef von Sternberg picture to feature Marlene Dietrich. He also directed 'Morocco' and 'The Blue Angel.' With this trio of hits, particularly 'Dishonored,' he has clinched his claim to preeminence among screen directors.

Road Bonds Will Not Down

By J. K. FREEMAN

The financial condition of the people of Milam County does not justify them taking on their part of the 212 Million Dollar Road Bonds. They owe the following:

Loans secured by real estate, 5 Million Dollars; to all Banks in the County One and One-Half Million Dollars; other debts, estimated 100 Thousand Dollars; total 7 Million 500 Thousand Dollars.

Public Debts: County Bonds, 69 Thousand Dollars; Road District Bonds, 1 Million 70 Thousand Dollars; School District Bonds, 99 Thousand Dollars; City and County Bonds, 397 Thousand Dollars. Total 1 Million 666 Thousand Dollars.

Re-stated	
Individual Debts	\$7,500,000.00
Public Debts	1,666,000.00
Total	\$9,166,000.00

Annual interest on this amount at an average of six per cent. 549 Thousand 6 Hundred Dollars; Property Taxes each year 400 Thousand Dollars. Unpaid taxes for 1930, 110 Thousand Dollars.

The people of Milam County pay each year for gas, gasoline, water, lights, telephone and fire insurance, 1 Million 200 Thousand Dollars.

The City, Automobile, Gasoline and Occupation Taxes are not included in the above.

It seems that it would be good business policy for the people of Milam County to first pay off some of the above debts, reduce the interest and taxes before taking on the debt that will be placed on them by the 212 Million Dollar Road Bond.

The people of Texas do not want the 212 Million Dollar Road Bonds issued. There is a bunch of millionaire fellows, road contractors, cement men and bond dealers in the grass behind the move.

This Was Once Considered Fast

ROSEBUD MAN SLAIN ON DAVILLA ROAD

Belton, May 6.—Raymond 'Red' Hilliard, Rosebud baker, is dead, and Robert Hale, laborer, also of Rosebud, is in county jail facing a charge of murder as a result of a fatal shooting on a lonely lane six miles east of Bartlett on the Davilla road about 2:30 p. m. Wednesday.

Hilliard was shot as he sat at the wheel of the roadster in which he, Hale and Andrew Kelly, who lives near Davilla had been riding. A bullet from a .38 caliber Smith and Wesson revolver penetrated his right eye and went through his head, ranging upward.

Kelly stated that the three had been to the oil fields to look for work and had returned from Center Tuesday night and spent the night at his house near Davilla. He said that the (continued on page 4)

Couple Celebrate 64th Wedding Date

Rev. and Mrs. W. H. Pruett celebrated their sixty-fourth wedding anniversary Wednesday, May 6. Many friends congratulated them on their long and happy married life. The ladies of the Methodist Missionary Society sent them a lovely angel food cake topped with 64 candles. This came as a surprise to this estimable old couple, who enjoyed this remembrance. Brother Pruett is 87 years old and in remarkably good health.

Mr. and Mrs. Martin Kilian and little daughter, Frances and Mrs. Jefferies spent Sunday in Round Rock visiting relatives. They were accompanied home by Mrs. Kilian's sister, Mrs. William Grimes and two children, Durwood and Joyce, of Austin, who are house guests of Mrs. Kilian this week.

HEALTH PROGRAM FOR COLORED POPULATION

HEALTH NURSE ARRIVES HERE
ON MAY 1 FOR WORK
AMONG NEGROES

Miss Adaline Roberson, itinerant nurse of the State Department of Health arrived here May 1 for the purpose of conducting a health program among the colored people of this county. On the same date she met with the county committee at the Cameron colored high school and plans were outlined in part for May. A club of adult ladies will be organized Wednesday evening to pursue a course in home nursing. When this course will have been completed satisfactorily, these ladies will be awarded certificates by the State Department of Health. A junior club was also organized with the girls and two lessons have been given in hygiene and sanitation.

Miss Roberson visited Rockdale on Monday where she arranged for a mass meeting there May 12 and an inspection meeting May 14. In this (continued on page 4)

"North of 36" Story For "Conquering Horde" at Milam

The novel 'North of 36' by Emerson Hough, noted writer of Western pioneer stories, is the basis for the big film, 'Thundering Horde' booked by Stanley Swift for the Milam Theatre Thursday and Friday, May 7 and 8, featuring Richard Arlen and Fay Wray.

This popular novel of trail driving days that brought the U. P. railway west to Abilene has been widely read by Cameron people. The story originates on the ranch of the Lockharts at Lockhart, Texas and one of the leading characters is Jim Nabours, a kinsman of Homer Nabours and Mrs. John W. House of Cameron. Richard Arlen plays the part of Dan McMasters, handsome Ranger Captain from Gonzales.

The story is a fascinating tale of the trail and one can see in real action the old steer, Alamo, leading that great herd to Abilene. The city of Abilene found its law and order off the gun sheaths of Wild Bill Hickok in those days. 'Thundering Horde' is the breath of the Seventies, a romantic tale of cattle ranges and the business of selling on the hoof at the railroad somewhere north of latitude 36.

DR. G. B. TAYLOR ATTENDS STATE MEDICAL MEETING

He is secretary of the Milam County Medical Society and was a delegate to the convention to represent the local society.

COMMERCIAL CLUB VOTES TO CONTROL AD SCHEMES HERE

Maintains Service For
Protecting The
Merchants

Protection of Cameron merchants against pernicious advertising schemes and donations is the purpose of a resolution adopted at the meeting of the club on Monday night.

In this issue will be found an announcement from the club prepared by Secretary W. M. Cobb, setting forth the policy of the business men and the service to be rendered.

Complaints have been made from time to time by merchants who have been asked to subscribe to advertising programs, placards and all kinds of advertising. In order to safeguard the merchants against payment of excessive prices and subscribing to schemes that have no advertising value the club has named a committee on investigation. It is the duty of this committee to pass upon all propositions sought to be submitted to the merchants.

In the future no solicitor, local or from outside, should be entertained by the merchants unless he has a letter of endorsement from the club. Merchants are asked to observe this policy and thereby save themselves many dollars in the course of the year.

The club does not take the position that all solicitations must be stopped. No doubt the committee will find occasion to endorse many during the year as no intention is entertained to stop worthy movements.

When approached hereafter to subscribe money merchants are asked to demand whether the matter has been endorsed by the committee and if a letter of approval has been granted from the club.

QUARTERLY MEETING OF HEALTH COUNCIL HERE

PARENT-TEACHER ASSOCIATION
HEALTH BODY HEARS
STATE WORKER

The quarterly meeting of Milam County Council of Parent-Teacher Associations was held in District Court Room at Cameron last Saturday.

Business of the meeting included election of officers, resulting as follows:

President, Mrs. Tom Evard.
Vice-President, Mrs. Clyde Hensley.
Secretary, Mrs. H. T. Pressley.
Treasurer, Mrs. Geo. Graves.

The program was devoted to an address by Mrs. Bess C. Ledbetter of the Child Hygiene Bureau, State Department of Health.

Mrs. Ledbetter outlined the worthwhile work of itinerant nurses, two of whom will be in our county this month. Their classes in home nursing for mothers as well as for older boys and girls, are supplemented by health clubs formed among the younger children.

Announcement of these classes will be made in churches and schools in various parts of the county shortly before the time the classes will occur.

The white nurse who will be with us is Miss Sue Nickerson, and the colored nurse, Miss Adaline Robinson.

ALLEN ACADEMY TAKES GAME
BY SCORE OF FIFTEEN
TO THREE

As no ball game can be won when a team is chalking up a total of 15 errors the Yoe High school lost their game Friday afternoon to the Allen Academy of Bryan at the Lawless Green Athletic Field. The final score was fifteen to three in the visitors' favor. The Yoe High boys did well for six innings. At the beginning of the game there was every promise of another good ball game but after playing so well for six innings then came the deluge. The Yoe high boys put over two tallies in the fourth on two hits coupled with two errors. In the fifth the visitors were given a score by virtue of errors. In the Yoe high time at bat in the fifth they marked up their last score on three hits and an error. In the seventh the Academy boys went on a rampage and before they could be gotten out they had put over nine scores on six hits and three errors. In the eighth another run was obtained by them on errors. In the ninth they collected four more runs on three hits and three errors. Out of a total of forty nine chances on the playing field the Yoe High players made fifteen errors which gives them a fielding average of .683 per

FIREMEN DEFEAT SHARP

The Firemen journeyed to Sharp Saturday afternoon and won eight to four. Red Alford started in the box for the Firemen and did well for the first three innings. In the fourth however he walked two scores across the plate and was then replaced by Unk Young. Young was not scored on during the three and two-thirds innings he was on the mound. Only one hit was made off of his delivery. Vogelsang pitched the eighth and ninth innings.

The Firemen outhit the Sharp boys fifteen to eight. The Firemen as a team batted at a .363 clip. Wiley and Vogelsang led the Firemen attack with three hits in five times up as also did Garner of the Sharp Shooters.

Let Us Investigate

The Cameron Commercial Club, now working under the budget system and maintaining an office next to the New Cameron Drug Store, Phone 182, is offering businessmen a real service, by appointing an Investigating Committee to look into and approve or reject all appeals for donations, advertising schemes, etc.

It is evidently impossible for each business man to personally investigate all these demands made upon him, so sometimes deserving propositions have been turned down and undeserving ones are patronized.

All are urged to take advantage of this free service for mutual advantage. It will help good propositions and eliminate the bad.

This club furnishes business houses with a card which reads as follows: "This firm does not donate to any cause nor patronize any advertising proposition, outside the local papers, that is not endorsed by the Investigating Committee of the Cameron Commercial Club." Merchants are urged to display this card and act accordingly.

Clean Up Week

A town can set aside a week to clean up the trash in the yard. The town will send men to collect the trash. When the men come after the trash it has to be set out in front of the house.

By having a clean up week the town gets honors for it and it makes the town look better than it did. The people from other towns will say, 'How pretty that town is.' Every body is proud when they hear this from strangers.

—R. L. Walker

Going Out of Doors at Recess

We should go out of doors at recess so we can get some fresh air and rest a while. Recess is very useful for us because in those few minutes we take exercise and when we go in again we do the work with pleasure.

At recess we have good times. We jump rope, play ball or other games. The recess is very useful for all the children so they can get healthy.

—Belia Garcia.

Being Tardy

Some people think it is fun to break into a class about five or ten minutes late, after the bell. But if you will stop to think about how impolite it is, you will not do it. It disturbs the class and it makes the pupils think you are lazy. You will have to be early in business or you will lose your job.

If you get up early enough, you can eat your breakfast and get to school before the bell rings. If you eat the right kind of food it will make you stronger and you will feel better to come to school and enjoy yourself.

—Imogene McLerran.

Home Gardens

Home gardens are a great benefit to all people who have one. Every day you have fresh vegetables. Many times, the market vegetables are not good, but your own ones are good. They save money very much because you can have fresh vegetables when you want them. If you are industrious and economical you can can some of your vegetables.

Gardens have to be planned very carefully. The garden plot has to be weeded and watered almost every day. Fertilizer may be needed in some places. To have a good garden one must rotate the crops from one place to another every year.

—Nancy Newton.

Extravagant Use of School Supplies

A great problem in sending a boy or girl to school is purchasing the necessary school supplies. Our books are furnished free and this helps a great deal but several dollars in addition must also be spent in buying the many note books, tablets, pencils, notebook paper, school work books and other equipment that a school child needs or at least thinks he needs. Some of this is really necessary but too much of it is wasted. At the first of school I purchased a large quantity of notebook fillers, intending for them to last until school was out. I used some for everything that came along. If I smeared some ink on one page I would tear it out and start another one. Of course this was wasteful and soon the paper was gone.

Every school child unnecessarily wastes a lot. This becomes a habit which is hard to break. It can be overcome however by using only that which is absolutely necessary and by doing this school costs may soon be cut down.

—John Martin

The Treatment of Textbooks

When your textbooks are received at the beginning of school, you probably notice that some person has signed his or her name in the front of each one. If the books which you receive are clean and neat, you owe a debt of gratitude to the person who has had each of them before you. School students, I have observed, always try to get the books which appear to be the cleanest ones. No one likes to have a book that is dirty, 'dog-eared,' and torn. No one should treat a book in such a manner that it receives more than reasonable wear, for someone must get your book next year.

'But how shall I keep it from receiving more than the reasonable amount of wear?' you ask. First, you should cover it and write your name plainly upon the front of the cover and remember that book-covers are not made to draw upon. (Perhaps I might remember that myself.) Second, do not mark in it, except with a pencil, and that very lightly so that it can easily be erased. Third, keep it as dry as possible. If a book-cover becomes wet, remove it instantly. Unless you do, the water will soak through the cover and get the book wet. If everyone follows these rules everyone will receive a clean book.

—Margaret Fisher.

Speaking Correctly

We should speak correctly at all times because if you are talking to one and make an error they think you haven't the education you should have. In business it is necessary to speak correctly when making a business transaction. When you are outside of school you should be careful to speak correctly at all times because

if you don't you will get the habit of speaking incorrectly.

I can learn to speak correctly by listening to others talk and correct the mistakes they make. Or I can always choose my words before I speak rather than saying just anything that comes to my mind.

—Albert Kelly.

Home Gardens

There are many kinds of gardens and the one that I have at home is a vegetable garden which has all kinds of vegetables. The garden is located on the north corner of the block that we live on. The things that are planted in the garden are popcorn, field corn, black-eyed peas, beets, cabbage, tomatoes and other vegetables.

One of the reasons why we have a home garden is that we may have fresh vegetables every day and it will lower our grocery bill each month. Maybe we may have a chance to sell some of the vegetables to the grocery stores.

—Robert Phillips.

The following compositions were written for our English work last week. We found our information from the World Book, and the following outline was used: Description, location and why noted.

Washington Monument

Washington Monument is a huge obelisk erected in honor of George Washington. It is a shaft of masonry and is the tallest in the world being five hundred and fifty-five feet high. It is fifty feet square at the bottom and thirty-four square feet at the top and the pyramid which forms the apex is fifty five feet high. The outside is faced with Maryland marble and the tip is protected by a cap of aluminum. On the inner walls are stones and tablets which were given by different states, cities, countries and societies. It may be ascended by nine hundred steps or by an elevator. At the height of 504 feet there are openings which afford splendid views of the surrounding country. The total cost of the monument was about \$1,200,000. It was started in 1848 and worked for seven years until funds ran short. Work was resumed in 1878 and the monument was finished in 1885.

The monument is located in a park back of the White House grounds in Washington, D. C.

Washington Monument was built in remembrance of George Washington.

—John Atkinson.

Grand Canyon

The Grand Canyon is 207 miles long and it is nearly a mile deep. In the bottom of it a river winds in and out among the colorful rocks. Late in the evening when the sun is shining just right, the canyon looks like a rainbow. The Grand Canyon could never have been built by man. Nature built the Grand Canyon.

The Grand Canyon is in the northwestern part of Arizona on the Colorado river.

The Grand Canyon is visited yearly by tourists from all over the world who want to see the beautiful sights of the Canyon.

—Roy Heath.

Plymouth Rock

Plymouth Rock, a huge stone in an oval shape, is now preserved in its original resting place by the use of an iron fence. It can not be priced in dollars and cents but it ranks very high in the minds of the American people in what it means to them. It is a huge granite rock and rough on the surface. It is a natural condition of the earth. It might have been formed by some glacier or volcanic eruption.

This rock is in the northeastern part of the United States on the Atlantic ocean shore in Plymouth, Mass.

Plymouth Rock is a memorial for the landing of the Pilgrims in America as the first soil touched. When

the Mayflower reached America on December 21, 1620, the Pilgrims disembarked on this rock.

—Mary Louise Vaughan.

Grand Canyon

The Grand Canyon takes on the shape of a large, irregular letter 'S'. People who visit this canyon can not describe it because it is so beautiful. It is very long and is over a half-mile deep. It is from eight to thirteen miles across. The walls are jagged and richly colored. At the bottom of the canyon you see the Colorado river. You also see great hills of colored rocks and earth. This canyon was formed by the Colorado river. At first this river was like any other river. After a while the river started to cut a deep hole. It cut this course until now we find that it has cut a course more than 200 miles long and over one-half mile deep.

This canyon is in the northwestern part of the State of Arizona.

The Grand Canyon was made by an act of nature. This canyon is important because it is the most striking example of river erosion. It is also important for its park and for its scenery.

—Jack Avriett.

Mammoth Cave

Mammoth Cave has a natural arched entrance, about seventy feet wide that leads into a large underground with many large rooms and passages. Inside this underground world there are many large rooms with many stalactite and stalagmite formations. Mammoth Cave has been bought and sold several times by different people for the large quantities of salt peter. The Mammoth Cave was formed by rain water laden with acid, which has gradually carved out this wonderful cavern.

Mammoth Cave is located in a wild and rocky ravine in Kentucky about ninety miles south of Louisville.

This great underground world is noted for its size and beauty. It is next to the largest cave in the world in size. This cave is important because it attracts many visitors each year to see the wonderful rock formations.

—Harold Jackson.

Yellowstone National Park

Yellowstone Park is a plateau with an average altitude of 8000 feet. The Absaroka border this park on the east, the Snowy Mountains on the northwest, the Gallatin Range on the north and west and the Tetons on the south. The park has hills, plains and valleys, and in some places mountains rise to heights of 11,000 and 12,000 feet above sea level. About four-fifths of the park is covered with beautiful forests. The forests are of lodge-pole pine, balsam, spruce and Douglas fir. Shrubs and trees are sometimes found along the rivers but these basins as a whole are practically bare.

Yellowstone Park lies in the northwestern corner of Wyoming, part of it being located in Montana and Idaho.

Yellowstone Park is one of the world's wonderlands. It was set apart by the United States Government in 1872 for the benefit and enjoyment of the people.

It is important for having so many wonders in it such as Mammoth Hot Springs, Hell's Half Acre, Morning Glory Spring, Eagle Rock and the Castle Geyser. The Upper Falls are two-thirds as high as Niagara. Yellowstone Park is also a refuge for wild animals such as elk, antelope, moose, buffalo and bear.

THAT DAY THE TOWN DIED

Some years ago we lived in a town that had for its neighbor, a few miles to the north, a town about the same size.

Both possessed equal advantages as to location and resources. The country surrounding each was the same as regards to the fertility of the soil and the type of farmers, the proximity to market, roads, railroads and all of those things that have a bearing on the welfare and prosperity of the country towns.

But notwithstanding these equal advantages, one town went ahead and prospered beyond the other. One by one it got the things it wanted and the distance between the two gradually, but perceptibly widened.

To a casual observer the reason was not apparent. It seemed difficult to explain why one town should so outstrip its neighbor when both were endowed with like advantages.

Having lived in the town that did not make the progress made by its neighbor, we had an opportunity to observe the reason for its failure.

It was all due to the fact that there existed a clique in the town that while it had few progressive ideas of its own, refused as though by common consent to accept any idea projected by anyone outside the circle.

The result was that every idea proposed by the progressive element of the town was frowned upon and discouraged and booted down until finally the younger and more progressive element of the town gave up and ceased to strive against the opposition.

That day, the town died. It will never recover. The old crowd that valued nothing that did not originate with it had its way and the town is

now paying the price of their jealousy and narrowness.

We have an idea that there are many such towns, if one could know the intimate history of them, that have failed for this very reason.

The theory that men are rewarded in this world according to their deserts is largely bunk. There are men in every community who have received large reward who are shallow, superficial, selfish and have contributed little if anything to the community. They have merely got the breaks as they say. On the other hand there are men in every community who are possessed of every fine, sound, worthwhile trait who have an exalted idea of service and who give largely of themselves to the community and those about them who have not been adequately rewarded with this world's goods at the hand of the public, and they never will be. They are the draft horses of the community who are carrying the load while some of their fellows often less discerning, are riding in the chosen seats in the band wagon. The theory is not popular with chautauqua lecturers and writers but look about you, and check up for yourself.

Suggestion to the dailies that persist in printing all of the details attendant upon the demise of the unfortunates sent to the electric chair: Why not have a talkie made of it? In this way the struggles of the victim could be more graphically and dramatically portrayed. A glib tongued announcer could keep up a running fire of comment and describe in detail the muscular reaction when the switch was thrown and the hot juice sent sizzling through the victim's veins. The dailies as it is strive to produce the same effect, but cold type and ink and paper fall far short of the possibilities of the talkies.

The public is prone to complain because of the oppression of the trusts, but every trust was created by the people themselves. The people themselves in the mad rush to get it cheaper gradually starved out the little fellow who furnished competition that kept the prices low. The trust, when once it gets things its own way, makes the public pay in full. The people themselves make the trusts and monopolies possible.

Don Barrett Makes Good For Mancos

Last Sunday afternoon Mancos easily defeated the Indians by a score of 11 to 2.

Don Barrett, Mancos' new pitcher, was decidedly too much for the Redmen. Barrett pitched exceedingly well for six innings while his teammates ran up a big lead, then John took the box and Mancos coasted to victory.

Heck Carr made two sensational catches as well as connecting for two or three extra base hits.

Larson, last year with Ignacio, was ineffective, and was replaced by Beecher who retired the side easily. Mancos has lots of new material and it looks as though it will have as good a team when it plays Dolores next Sunday afternoon. The game will be played on the Dolores diamond.

Mr. Barrett's home is in Cameron. He is the son of Mr. and Mrs. J. M. Glenney of Cameron and brother of Robert Lee Barrett of Cameron.

L. F. GOHMERT CALLED TO SAN ANTONIO; FATHER ILL

L. F. Gohmert of the Gohmert Variety store was called to San Antonio on Monday to be at the bedside of his father who was taken there from the family home in Cuero. He was reported to be critically ill.

News received Wednesday indicated a slight improvement in his condition and he has been returned to his Cuero home.

The many friends of Mr. and Mrs. Gohmert in Cameron will regret to learn of the illness of their father.

SERVICES AT CURRY

Next Sunday afternoon, either the pastor of the Methodist church, or some one whom he sends, will meet with the folks at Curry school for religious services.

WHY CHAMPION HOLDS ANNUAL CHANGE WEEK

Champion National Change Week for 1931 is set for May 4 to 11.

This is the week when motorists install new sets of spark plugs in their car motors to obtain the better performance which experience has taught them will result.

Change Week was established seven years ago after prolonged research and thousands of experiments had proved certain facts about the life of spark plugs.

One of the facts thus revealed was that when spark plugs have been used in 10,000 miles of driving they have deteriorated to such an extent that new sets secure more power and speed, faster acceleration and all around better performance and economy for another 10,000 miles.

The reason is explained by O. C. Rohde, Champion's Chief engineer and a recognized authority on ignition problems of internal combustion engines.

The intense heat, the ravages of chemical reactions and the tremendous mechanical shocks to which spark plugs are exposed inevitably take their toll, no matter how well the plugs may be, says Mr. Rohde.

The insulator becomes incrustated with bits of carbon. In time and with the aid of extreme temperatures these carbon particles break down the glazed insulator surfaces. The result is a diffusion of current through spots thus eroded, a decline in the spark's intensity and a consequent loss in the engine's efficiency.

Electrodes share with insulators in the destructive effects of the demoralizing forces at work. In the modern spark plug electrodes are of special analysis, especially treated alloys. They last much longer than those in spark plugs of a few years ago, but there still remains an inferno of heat and chemical conditions in which they must function.

After 10,000 miles of service the results of this harsh treatment are readily observed in the electrodes of all spark plugs.

The center electrode is pitted and burned away. The ground electrode is likewise pitted and burned so that no longer presents a parallel surface to the center electrode. In consequence the spark from one electrode to the other is small, of no great intensity, and the gap setting often becomes too great for the spark to jump under load conditions, heavy pulls and rapid revolutions.

It is a proved fact that new spark plugs every 10,000 miles represent an actual economy in gas and oil alone. Furthermore, they restore in large measure new car power, speed and acceleration.

New spark plugs every driving season pay for themselves in improved performance and in addition they yield welcome extra dividends in driver satisfaction.

Champion Spark Plugs are advertised in The Herald for the Joe Bass Garage in Cameron, better known as the K. T. Garage, Joe Bass, Proprietor.

Mother's Day Service Presbyterian Church On Sunday Night

Mother's Day services will be held at the Presbyterian church Sunday night at 7:45 o'clock it was stated by Rev. O. C. Acree, minister.

The pastor will preach the baccalaureate sermon for Buckholts high school Sunday and there will be no services at the church Sunday morning.

The regular Sunday school worship will be held at 9:45 o'clock. Superintendent Judge W. G. Gillis will be in charge. Christian Endeavor Societies will meet at 7 o'clock.

Mrs. W. T. Hefley, director of music of the Presbyterian church has announced special musical numbers for the Mother's Day service. Mr. George Cay will sing, 'Mother McCreed.' Mrs. J. H. Sapp will render a special pipe organ number.

ACREE TO PREACH

Rev. O. C. Acree will preach a Mother's Day sermon at a joint service of the Presbyterian and Baptist churches of Marlow Sunday afternoon.

Dinner will be served on the ground at Marlow Baptist church and members of the two congregations are invited to attend the dinner and remain for worship services.

Rosebud Man

(continued from page 1)

gun belonged jointly to the trio and that they had won it in a poker game.

Hale Buys Bullets

Both Hale and Hilliard were about 35 years of age. Kelly, the only

witness to the shooting, stated that the three had been riding all day and had been to Bartlett, where Hale had attempted to buy bullets for the revolver. Kelly prevented Hale from purchasing the bullets in Bartlett, by telling merchants not to sell them to him, so Hale got in the car and drove to Granger, where he purchased bullets, Kelly said.

The three men started back toward Kelly's house. 'After we had gone three or four miles out of Bartlett, Hale held the gun on me and threatened to kill me. He also threatened to kill other people,' Kelly's signed statement to Deputy Sheriff Albert McKay Jr., and County Attorney W. A. Messer reads.

Threats Made

'Hale said that he was going to make me drive to Rosebud where he was going to kill some men, and that he was then going to kill me,' Kelly told officers.

'Hilliard grabbed the gun and I stopped the car and jumped out and ran 50 or 75 yards. Hale called to me to come back. I stopped for a minute. Both of them were out on the ground. They quit scuffling and Hilliard got back in the car. I was looking at the car when the shot was fired. I saw Hale when the shot was fired.

Had Been Friends

'Hale walked to the back of the car and motioned for me to come to him. I went running the other way. The three of us were friends. When Hale came to our house in 1920 he was going under the name of Tom Glass,' Kelly stated.

Kelly's statements indicated that there had been no specific ill feeling between the men.

Murder Charge Filed

A charge of murder was filed against Hale in Justice of the Peace J. W. Carlisle's court at Holland this afternoon. Hale was brought back to Belton and lodged in jail by Deputy Sheriff McKay. He had not made a statement except to deny that he shot Hilliard.

Hale was captured by a group of citizens as he fled across the fields toward Alligator, and the revolver taken from him.

'Hale and Hilliard had been drinking,' Kelly stated to officers who questioned him.

"ADVANCED" SURGERY

Einar Wegener, a Danish painter, who had been married for years, recently underwent an operation at the hands of Professor Doctor Warnekross, well-known Dresden gynecologist. The operation resulted in the changing of the man into a woman. He—or rather she—adapted the name Lill Elbe. The marriage was declared void. It is also said that the man-woman has given up the profession as a painter. Above may be seen the former Einar Wegener, now Lill Elbe.

Sunday. Mrs. Fatheree has returned while Mrs. Lindsey remained for a few days visit with her sister.

Mr. and Mrs. Arthur Hensel, Mr. and Mrs. Fred Freichs, Walter Marek and Carl Marburger were in Marlin on business recently.

Jake Dodson and family had as guests last Sunday Mrs. Heard and Miss Hazel McClain of Heidenheimer, Nathan Franklia and family of Temple and Mr. Dodson and Mr. Franklin of Rosebud, Ura Hilliard and Miss Winnie McClain of Rosebud and two sons and daughter of Mr. and Mrs. Milton Weems of Belmena.

On next Saturday morning Master Lanier, son of Mr. and Mrs. Herman Schulz will have his tonsils removed at the Cameron hospital. He is being given blood transfusion in order to be able to undergo the operation.

On next Sunday morning a Mother's Day program will be rendered by the church members at the Baptist church. Everybody is invited.

Mr. and Mrs. Gano Ford and children, Francis and Bonnie Lou were guests of Mr. and Mrs. Roy Sample recently.

Mrs. Neppie Swanzy of Rosebud and Hubert Swanzy of Port Arthur are guests in the homes of Abbott, Joe and Jeff Swanzy and families.

Mr. and Mrs. Louis Hightower of Waco and Johi Lucas and wife of Hamilton visited Charlie Heregotter and family recently.

Andrew Liernan and family had as recent visitors Mr. and Mrs. Leo Chattin and Mrs. Rosa Love of New Braunfels.

Mrs. Chas. Huegatter has been quite ill and is not yet able to be up but her condition seems to be improving.

Miss Henrietta Werland visited Miss Cornelia Pieper at Barclay last week end.

The big rain of last week washed the land considerably. Lots of cotton is to be planted over in this section on account of cool weather and being too dry for a while.

**The Old Home Becomes the New**

No stage magician ever worked a transformation more wonderful than a few we have achieved.

To take a time-battered, out of date, old house and transform it into a sound, modern, handsome home is a real feat. Yet, we can do it and at a moderate cost too.

What is more we can build that new home for you and excell anything you may have planned. After all there is nothing quite so necessary to your happiness and well being as a home.

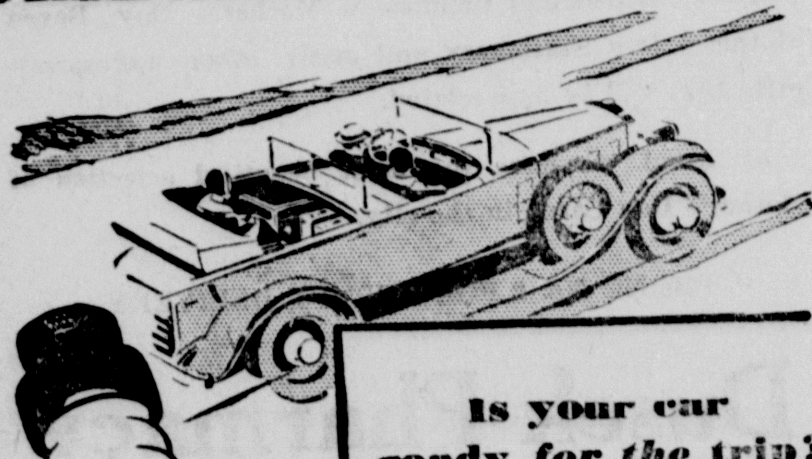

Never was a better time than now to build because everything is lower in price—much lower than for many, many years.

Carey's Blue Ribbon PAINT

This great paint will work for you every transformation you might desire in decorating your home. You may need a paint job. Don't forget that there is a reason for Carey's Leadership and Quality.

SUNNY POPE GIVES PLAYER AVERAGES

CUP RACE AND OUTSIDE GAMES LISTED IN PLAYER RECORD

Herewith are the averages of the Cameron Firemen made in duplicate figures. The figures above represent the averages that apply to the Temple Telegram Race while the lower figures represent outside games which do not help nor hurt their averages in the Temple Telegram Race.

In order to find the year's average for any player at any time that the averages are printed, divide the total number of times at bat into the number of base hits which have been credited to that particular player.

To find the fielding average of a player add the number of put outs, assists and errors together and add into the total of put outs and assists.

Mr. and Mrs. E. A. Miller and 3 children of A. & M. Extension Department, were delightful guests of Mr. and Mrs. Niley Smith Sunday. A very delightful day was spent as Mr. Smith and Mr. Miller were school mates at A. & M. College, and Mrs. Smith and Mrs. Miller were school mates at C. I. A.

SUNNY'S SIDE

In Saturday's game at Sharp Unk Young gave an excellent exhibition of what can be expected of him when he wishes to pitch. Of the fourteen men he pitched to Garner obtained the only hit. No runs were scored against Unk. When he went into the box the bases were full and only one out. He stopped the shooters from here on.

Two double steals of second to third and first to second were pulled by Vogelsang in the lead with McDermott following.

Four extra base clouts were made by each team. All were doubles except one triple by Walker in the eighth.

McDonald played an excellent part in the shooters offense as well as defense. He got two two baggers in five times up and made three potshots. He can get a job with any team in this league he chooses as the managers will always make room for such as he.

Vogelsang dived for Rosenberg's bunt in the ninth and threw Rosey out at first from a sitting position. This with Walker's 'Ditty' furnished the most laughter for the fans.

We have a .350 hitting club and such swatting will deal misery to the opposition and throw fear into the hearts of the pitchers.

In looking over the score sheet of Sunday's game 'Bubber' McDermott was sharing the honors with Vogelsang in the swatting department. McDermott hit at a .750 clip while Egan was compiling a .600 average. Again the Fireman batted over .300 so to be exact they got one hit for each third man to go to bat which means a .333 hitting club.

This game was devoid of anything like the sparkling plays usually dishd out to the fans by one side or the other. The nearest approach to this was the two double killings made by the Firemen.

Things looked dark and gloomy for the local lads at the end of the second inning when Rogers was leading eight to one. But the Fire lads have that 'I ain't licked' spirit and that coupled with base hits won a game which the fans thought was hopeless.

Throughout the whole game Unk Young did not issue a free pass and whiffed seven opponents. Widener, who throws with the wrong arm, struck out eight and walked four.

Widener however was given three errors on wild pitches which allowed a runner to advance.

In the second inning Rogers batted all the way around and the Firemen did likewise in the sixth.

Both Rogers and the Firemen played a very ragged game in the beginning but took on the resemblance of a ball game from there on, both sides settling down.

Rev. E. W. Solomon, pastor Methodist church at Hearne and formerly presiding elder of the Marlin District, was in attendance upon the meeting of the Young People held in Cameron on Sunday afternoon. Many friends of Bro. Solomon were glad to welcome his return visit to one of his old churches.

By DELPHYA SCOTT

RECEPTION

A social event of state-wide interest was the brilliant reception given Tuesday afternoon by Mrs. T. S. Henderson at her beautiful colonial home 424 West Seventh Street, where grace and sparkling repartee were enjoyed.

Several hundred ladies accepted the cordial invitation of the hostess, who named as honor guests her four charming daughters, Mrs. Boyd Wells, of Austin; Mrs. Hamilton Bonnet of Evanston, Ill.; Mrs. Ernest Beard of Hillsboro and Miss Mary Lake Henderson of the home.

While all entertainments in this very delightful home are much sought after, this was one of the most pleasant and happy events. Miss Winnie Henderson received the guests at the portals, inviting them to the receiving line composed of the hostess who in a very delightful manner, presented them to her 'future daughter in law,' Miss Fannie Lou Davis, who is to become the bride of John B. Henderson, Wednesday, June 10. This was a very great surprise to many, and will culminate a romance of several years. After greeting the charming bride to be, passing down the receiving line Mrs. J. E. Harris of Fort Worth, sister of the honor guest, Mrs. Hamilton Bonnet, Mrs. Ernest Beard and Miss Mary Lake Henderson greeted the callers. After happy greetings, Mesdames T. Denson and W. E. Gaither passed the guests to the middle reception rooms where Misses Helen Flinn and Lucille Dickard invited them into the spacious dining room where seated at the table were Mrs. R. H. McIntosh, and Mrs. Ben Thrasher, poured from handsome silver service at either end of the table. Misses Grace Mangum, Blanche Hensley, La Verne Bowmer, Mary Frances Green, Mrs. Bassett Watson and Mrs. James Coleman, Jr., served a dainty salad plate with hot tea, after which guests

were left to stroll among the rooms meeting the guests at pleasure.

This hospitable home is filled with rare imported curios and ornaments gathered by the girls of the home on different trips abroad, always a source of interest, was handsomely decorated with a colorful array of flowers and garden flowers that added beauty and fragrance throughout the home. A large hand painted china bowl held dainty sweet peas in opalescent shades and graced the center of the dining table, while baskets, vases and bowls filled with chosen flowers were noted at pleasing points.

The following out of town guests were among those present: Mrs. Lee Sens, Baltimore, Md.; Mesdames A. J. Dossett and Wm. Foster, Waco; Mesdames Boyd Wells, David Gracey, Ben Thrasher, George Walling, and Miss Ellen Beggs, Austin; Mrs. J. E. Harris, Fort Worth, sister of the bride-elect; Mrs. Uriah Roddy, Temple; Mrs. John P. Taylor, Mrs. Taylor, Jr., and Mrs. Judge Glass, Rosebud; Mrs. John Esten Cooke, Mrs. J. O. Newton, Mrs. Barclay, Mrs. I. P. Sessions, Mrs. Vance, Miss Florence Dunnington, Miss Alice Eloise Barclay, Rockdale; Mrs. George Clark, Needville; Mrs. Tom Stidham, Jones Prairie; Mrs. Ernest McKnight, El Paso; Mrs. W. T. Hefley, Ft. Worth; Mrs. Ernest Beard, Hillsboro; Mrs. Barnett, Itasca; Mrs. T. V. Adams and daughter, Miss Jean Adams, of Buckholts; Mrs. Law Henderson, Mrs. James Brock, Mrs. Holsell, Mrs. Stuart Barron, Bryan; Mrs. Hamilton Bonnet of Evanston, Ill.

YOUNG PEOPLE MEET

The object of the Young People's meeting held at the Methodist church Sunday afternoon was to explain the plans of a contemplated forward movement of the church. Mr. Kelley of Reagan and Ernest L. Roberts, president of the Texas Epworth League

Conference were present and gave a summary of the new organization, which they are planning to inaugurate at the meeting to be held at Jacksonville May 31 to June 6.

Representatives were here from Tracy, Rockdale, Hearne, Calvert, Arnold, Minerva, Maysfield, Reagan, Rosebud, Marlin, Gause and Travis churches.

Rev. King Vivion, president of Southwestern University, Georgetown, Rev. E. M. Stanton, president of Lon Morris College, Jacksonville and Rev. E. L. Ingram, presiding elder of the Marlin District, were able speakers of the occasion. Rev. Stanton filled the pulpit at the morning services and the presiding elder spoke at the evening hour, followed with a session of the Second Quarterly Conference.

PLEASANT AFTERNOON WITH MISS MASTERS

Many pretty affairs are being given at the Country Club this spring. Among them was a very delightful bridge party Saturday afternoon when Miss Katie Blanche Masters entertained at three o'clock with eight tables of players.

A pink and green color scheme was used in appointments when pink roses were predominant in the decorations and table accessories.

The hostess' home is in Lott where she is a member of a bridge club and half of her guests were from her home town club.

Highest score for guests went to Mrs. W. A. Bonds, Cameron, and high club score was won by Mrs. Thomas Westbrook of Satin, who received attractive silhouettes; consolation fell to Mrs. W. A. Patton of Lott and Mrs. Sam Baxter of Chilton receiving pretty fancy broom dolls.

Misses Patsie McGregor, Madie Watson and Carolyn Cheeves served fruit punch from ice squares during the games and assisted the hostess in serving pink ices moulded in rose design with angel food squares embossed in pink rose pattern. Sweet peas were laid on each plate, making a very pleasing effect.

Miss Masters is the popular Latin teacher of Yoe high school this year.

CAMERON GIRL SINGS

Friends in Cameron were delighted at 2:30 Saturday afternoon to hear Miss Lorene Wade in two solos over KPRC radio station in Houston. The program was part of a broadcast by the Blinn Memorial College Choral Club from Brenham.

Miss Wade sang 'Love's Old Sweet Song' and 'Silver Threads Among the Gold.'

As a result of the announcement of the program many Cameron friends were ready for the broadcast and enjoyed the program, especially the songs by Miss Wade.

HISTORY CLUB MEETING

The Cameron History Club met on schedule time at the home of Mrs. E. A. Wallace Tuesday afternoon. Mrs. Tom Denson presided. Various items of business were discussed and a nominating committee for the election of officers, was appointed to report at the next meeting which is the last for this year's term.

Roll call responses were of general interest and were discussed in round table fashion. These proved highly interesting and instructive.

Mr. Love told of the opportunity to hear an informal speaker give an outline of County Health nursing, its need and its results. He referred to the address to be given by Mrs. Ledbetter from the State Health Department, and at the County Council in the District Court room Saturday, May 2 in the afternoon.

Miss Bartholomew was unable to be present as invited, but will present some phases of her work at the next meeting, in which the club will be asked to cooperate.

Mrs. Lloyd Mitchell, associate member, was a welcome guest.

MISS MOLLIE MOORE IN THANKS TO BIBLE CLASS

The following beautiful note was received by the Wesley Bible Class of the Methodist Sunday school from Miss Mollie Moore whom they, and a few other friends, showered with a beautiful love shower two weeks ago, coming as a surprise to the recipient:

'Wesley Bible Class, Happy Greetings: I shall try to thank each of you for your lovely and generous gift presented me last Sunday. Your love shower means more than words can express, not only in your generous act, but in the love motive which prompted your deed. Like Mary in her love, broke her alabaster box pouring its rich perfumes over Jesus before he was crucified. You have showered your love gifts on me from time to time. It is always sweet to be remembered and know one's efforts are appreciated and their work admired; and when you see flowers in

our church please remember—flowers are messages of God's love, good-will bearers, and hoping their beauty will make us see that He who gave the flowers is watching over you and me

EPWORTH HI PARTY

A very delightful evening was spent by the members of Epworth Hi League last Friday evening. Miss Frankie Slaughter conducted indoor games in the basement of the church, followed with light refreshments consisting of ice cream cones and individual cakes. Some 25 of the young people were in attendance.

BAPTIST W. M. S.

The W. M. S. met at the church on Monday afternoon at four o'clock for a business session. Mrs. R. G. McLeod, president, presiding.

An appeal was made by the president for linens for the Baptist hospital at Waco.

There were 18 members present. They will meet in circles next Monday afternoon, all circles will have a Bible study. The Lottie Moon Circle will meet with Mrs. W. M. Fannin at four o'clock. Mrs. T. S. Henderson will be hostess for the Lillie Mae Rundley Circle Monday, meeting at 4 o'clock. Mrs. Joe Denson will have the Eunice Taylor Glass Circle and will meet at 3 o'clock. The Lois Howard Mashburn Circle will meet at 3:30 o'clock in the home of Mrs. Larry Hackebiel.

VISITS OLD HOME

Mrs. Elmer Green and son, Neil, of Corpus Christi, are here visiting in the home of her brother, Will Ford and family. Mrs. Green is the daughter of the late S. B. Ford who formerly lived here, and scores of friends will be delighted to welcome her return visit. Before her marriage was Miss Mattie Ford, and attended school here before moving away.

CHRISTIAN AID

The Christian Aid met in the home of Mrs. H. E. Garner Monday afternoon. Lesson was led by Mrs. Jim Adams, assisted by Mesdames Ray Burke, Martin Kilian, Harris and Guy Slocumb. One visitor was present, Mrs. Wm. Grimmer of Austin.

Mrs. Garner served a dainty sweet at the close of the session. They will meet next Monday afternoon at the church.

MISSIONARY SOCIETY

The Missionary Society of the Methodist church held a business session at the church Monday afternoon. Mrs. M. M. Johnson, president, presided and led the devotional. Next Monday afternoon Mrs. R. L. Bate will lead a missionary lesson.

PRESBYTERIAN AUXILIARY

An interesting Bible study lesson taken from the First Chapters of James was led Monday afternoon by Mrs. Mary Henderson. A business meeting followed the Bible lesson. Next Monday they will meet in the homes of members.

BIRTHDAY PARTY

Little Celestine Charles Good, the four year old daughter of Mr. and Mrs. J. W. Good was a delightful little hostess to a number of her friends Saturday in celebrating her birthday.

Outdoor games were conducted by Misses Fannie Mae Sharpe, Loretta and Willie Good, followed with the cutting of the pretty birthday cake where the proverbial emblems were hidden away, and were received by the following: Mary Bella Lansford, wedding ring; David Hoover, engagement ring; Velda Marie Young, the canoe; Lorraine Rosky, the chain; Pauline Bird, the coronet; Joeline Lindle, the button; Johnnie Good, the heart and Celestine Good the thimble. Ice cream cones and angel food squares were served at the close of the afternoon of pleasure.

S. S. & B. Y. P. U. PARTY

On Wednesday, April 29 Mrs. Grady Cooper entertained her Sunday school class and her Junior B. Y. P. U. group with an animal party.

The home was decorated with roses and nasturtiums and an added attraction appropriate for the occasion was afforded by the use of various colored paper animals. Margaret Martin and Virginia Compton received the guests at the door and pinned upon each a convention badge, the badges also representing animals.

Numerous games directed by Nancy Newton and Alice Rylander were played during which Ann Margaret Smith was awarded a prize for pinning on the donkey's tail and Ralph Mayfield was awarded a prize for naming the most animals.

At the conclusion of the games re

freshments were served which consisted of animal cookies, iced in pink, and strawberry soda water. Candy was passed among the guests. The party was attended by about 25 boys and girls from the Baptist church. John Lane Baskin of the Methodist Sunday school was also present as a special guest.

OLD FRIENDS PARTY

Beautiful spring flowers in artistic profusion adorned the reception rooms Wednesday afternoon when Miss Aetna Smith entertained for her mother and sister, Mrs. Madona Letcher, of Dallas, who is a pleasant house guest in the Smith home.

Guests were drawn from old friends of the honorees and a few neighbors. A most delightful afternoon was spent reminiscing, as many of them were college mates when young ladies.

After a delightful time in pleasant mixing and mingling, the hostess served a salad course with coffee. Punch was served during the afternoon.

HOYTE SOCIAL

The adult members of the Presbyterian church of Hoyte were hosts to the young people of the church at a social given Wednesday night at the Hoyte school house.

The occasion climaxed a contest of Bible reading between the two groups, Rev. O. C. Acree, minister, stated. A great deal of enthusiasm is being manifested at Hoyte. Mission work of the Presbyterian churches of this county is very encouraging.

Hoyte will have a graduation service for its young people May 17. Rev. Acree, on invitation of the class will preach a sermon for the occasion.

MR. AND MRS. LEE SENS ENTERTAINED

Miss Aetna Smith was hostess to three tables of bridge players Tuesday evening at the home of her parents, Mr. and Mrs. H. F. Smith, naming as honor guests Mr. and Mrs. Lee Sens of Baltimore, Md., who are here visiting his mother.

High score for the ladies was made by Mrs. Rush Thomas and high for men by Stanley Swift. Consolation fell to Miss Lindsey. Mrs. Sens was presented with a dainty vanity.

Mr. Sens was reared in Cameron and many friends were delighted to welcome his return, and to meet his bride of a few months.

The hostess regaled her guests with a salad course and a drink.

MISS BLAYLOCK ENTERTAINS DRAMATIC CLASS

Miss Dorothy Blaylock entertained her dramatic class Friday evening with a spring picnic at the Country Club from 7 to 9 o'clock, followed with a dance from 9 to 12 o'clock. A five piece colored orchestra furnished music for the occasion.

Each member of the class invited a guest and a very delightful evening was enjoyed by the following members of her class: Ben Atkinson, Billie Gaither, Julia Mae McCollum, Madie Watson, Catherine McIntosh, John Wallace, Charles Stall, Patsie McGregor, Carolyn Cheeves, Dorothy Lesovsky, Mary Frances Blaylock and their guests.

MISS HELEN FLINN ENTERTAINS SCHOOL GIRL FRIENDS

Miss Helen Flinn entertained Tuesday afternoon with two tables of bridge, inviting former school girl friends to meet each other and spend pleasant time in merry games.

At the conclusion of the afternoon hostess served a two course salad plate with drink.

Those to enjoy this delightful affair were Mrs. W. T. Hefley of Fort Worth, Mrs. McKnight of El Paso, Mrs. Mennis of Fort Worth, Mrs. Hamilton Bonnett of Evanston, Ill., Mrs. Ernest Beard of Hillsboro, Mrs. Clifton Jenness, Mrs. Eber Flinn and Miss Mary Lake Henderson.

ATTEND CONFERENCE

Those who attended the District Conference of the Marlin District which met at Caldwell on Tuesday and Wednesday of this week, besides the pastor were as follows: Judge Jeff Kemp, Mrs. W. O. Triggs, Mrs. R. L. Batte, Mrs. M. M. Johnson, T. A. Fisher and Mrs. Fisher, and son, Miss Frankie Slaughter, Mrs. C. A. Lehmborg, Mrs. L. E. Gribble and children and Miss Ruth Kemp. Judge Kemp, Mrs. W. O. Triggs and Mrs. R. L. Batte were honored by being elected to represent the Marlin District with six others at the Annual session of the Texas Conference of the Methodist church which meets at Beaumont November 5, 1931.

The District Conference next year will be held at Rosebud.

METHODIST CHURCH

We extend a cordial invitation to every Mother's son or daughter to attend our services next Sunday morning at 11 o'clock when we honor Mother in our worship of God. Let every one go to the church of his or her choice and thank God for the best friend any one can have on earth, except the Savior, of course. Our evening service begins at 7:30 p. m.

We had splendid services last Sunday and we expect better next. At the Sunday school which begins at 9:45 a. m., we shall also remember Mother in an appropriate way. Let our community get in the habit of attending church services and we shall have a better and a happier citizenship.

C. A. LEHMBERG, Pastor.
